Von T. Baggins : Something Different (M/M Romance) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Something Different (M/M Romance) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Definitely something differentVon SunneIt was something different...and I loved it. It feels real, not "hot straight guy" meets "supercute rentboy". No - Michael is not hot, he is normal, he is the average guy in an average job with the "normal" family. James is a rentboy - with a lot of problems - and he doesn't fall in love with Michael instantly. Yes, he likes him because Michael is polite and nice to him and so vulnerable in his discovery. So - after one spontaneous

meeting....born out of desperation....they meet again. They become friends and when James hits a rough patch, Michael jumps in to help - as a friend. Soon they discover that they are good together out of the sack and from there on things are getting revealed, actions starting to roll.I wasn't happy with everything that happened in the book - but even then it fit the tenor, the story and the characters so I had to accept it. It was their decision, their reactions and just because I screamed "NOOOO".....it was still in character with them.I'm still giving the book 4,5 stars because it was good, sooooo good. Because the often written story "straight man falls for rent boy" had been written individually enough to make it an unique book.T. Baggins (or S.A. Reid) is definitely on my "to buy"-list.1 von 1 Kunden fanden die folgende Rezension hilfreich. Honest, heartfelt and heartwarmingVon FelizThis was a great read, at times so honest it bordered on crude. Both main characters were SO delightful, so true to themselves and so perfect for each other....This is not a shallow Pretty Woman story, not in the slightest, it's about finding one's perfect match and finding out what really counts in life, it's about learning to be true to oneself and the unexpected rewards life has in stock for those who dare reaching out for them. Highly, highly recommended.0 von 0 Kunden fanden die folgende Rezension hilfreich. I love T. Baggins (minor spoilers possible)Von saskewooThis is the second T. Baggins book I read (the other being "Fifteen Shades of Gay (for Pay)") and I loved this one just as much as I did the other.Of course, there are some more twists to the plot than the blurb lets on, and they fit in quite nicely (it doesn't feel like they were added simply to get more drama, thus making the plot somewhat far-fetched, but rather to make the characters connect and empathize).What I probably liked most about it is that there was NOT the typical spiteful, gay-hating character we usually get in these kinds of books.The only thing I didn't like... it was too short! Not in a way that made the story feel incomplete, but just that I could not put it down and wanted to read it all over again as soon as I was finished.So, anyone who loves a good (mm) romance should definitely give this a go.
