Von Jay Bell : Something Like Lightning (Something Like... Book 5) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Something Like Lightning (Something Like... Book 5) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. I don't even know what to sayVon AriIn the beginning, I so thought this was going to be one of those straight-guy-suddenly-turns-gay stories, but was well surprised when that wasn't the case at all.The story was cute and fluid and I just thought I reached the end when I noticed: The book isn't over yet.So I read on and on and suddenly the characters just seemed out of character, like, in the first part of the story you have Kelly who would do anything for this one guy and be a little lamb that likes to run and compete but at the same time drops everything for the boy he loves.Then suddenly he turns into a way too easily aggravated kid with annoying pride that doesn't ever want to see enough is enough.And then, even more suddenly, he turns into a submissive Kelly who is ok with being anything at all to our new Mr. Right just so he is with him.And then the book ends at the part I'd been hoping to find out more about so I could understand why things happened the way they had.(Sorry, but I'm trying to write this in a way I can get my point across without giving too much spoilers)All in all, it was a pretty good read, thus 4 stars, but I was overly confused at the sudden changes in character.I know about character development, but that kind of happened from one page to the next for me and I couldn't wrap my mind around it.In the middle I was wondering whether they were two completely different guys that just happened to share the same names.But all in all, it really was nice and well written, it doesn't glorify anyone or make anybody look like a complete idiot and you tend to like the characters just the way they are, with all their ups and downs (except Nathaniel and Jason, I didn't like those two at all, though I'm sure if there had been a bit more to why they did what they did that might have been different).0 von 0 Kunden fanden die folgende Rezension hilfreich. Achterbahnfahrt für die GefühleVon davidnutellaEin wunderbares Buch, in einer tollen Buch-Serie. Macht Lust auf den nächsten Teil und die nächste Perspektive, aus der erzählt wird!

KurzbeschreibungNever stop running. No matter how often life trips you up, or how many times your enemies knock you down, just get up and keep on moving until you find where you belong.Kelly Phillips has been out of the closet since he was a young teenager, and thanks to the gay youth group he frequents, he has never been short on friends or lovers. But when you have almost everything, it's hard not to focus on what's just out of reach: A best friend, who would be Mr. Right if he wasn't already Mr. Straight. Or that handsome guy at school, who would be easier to wrangle if not for his angel wings. And then there's the one who might be a perfect fit, maybe even a soulmate... if only he wasn't convinced he didn't need anyone at all. Kelly has always been good at running. Now he must learn to chase, which will not only test his endurance, but the durability of his heart as well.Something Like Lightning is a new beginning in the Something Like... saga, shifting the focus to a fresh set of characters while also revisiting a familiar face or two.The Something Like... series:Book 1: Something Like SummerBook 2: Something Like WinterBook 3: Something Like AutumnBook 4: Something Like SpringBook 5: Something Like LightningBook 6: Something Like Thunder Book 7: Something Like Stories
