Von L.A. Witt : Something New Under the Sun (Falling Sky Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Something New Under the Sun (Falling Sky Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Fast paced and thrillingVon SunneYeah...done in one setting. I should have done some work at home but I prefered to read

;)What can I say, I liked it. It's fast paced and thrilling, the setting is well done and I liked everything about it - even the fact that the sex didn't have a prominent place in the book. This is the second book in the series "Falling Sky" so if you haven't read "A Chip in his Shoulder" - you should do that before.

KurzbeschreibungLiam Lansing is heir to a prominent family of bio-modified vampires. That is, until he chooses the wrong lover and is cast down to the Gutter to scrape for his life. Daniel Harding is heir to Cybernetix and a prince of the corporate Sky. That is, until his ideology drives his father to put a price on his head, forcing him into the Gutter. But Daniel and Liam won't vanish meekly into the smog. Together, they plan to rip open the hidden corruption that runs the Sky for vengeance, for justice, and for hope. They strike against the corporations in a daring raid. When everything goes wrong, Daniel must betray his core beliefs to save the man he loves and protect his dangerous secret. Only through courage in the face of death or worse might he and Liam change the world they live in and create something new under the sun. Word count: 54,000; page count: 212
