The whole book is so emotional and has you so drawn in that you cant just stop at any part.It is by far the book where I cried the most! The story and its characters are so lovely that I just couldnt stop from getting totally sucked in the book. The whole book is so emotional and I had to cry so often that I cant remember any other book that evoked such strong emotions in me. By

the end of the book I cried so much I had swollen eyes, it was two in the morning when I finished and when I got up in the morning I could still feel my swollen eyes from all the crying. A few days later I still couldn't think of Peyton and Callum without getting all teary. With *Sometimes Moments* Len Webster managed to make me cry all over again. Her words make you believe in love and you can relate in every way to the characters and what they go through. It is the most heartbreaking story I've ever read!! All through the book you fall in love with Peyton and Callum. It shows you that love can overcome nearly everything and that what matters most in life are our *Sometimes Moments*, because *Sometimes Moments* define our forever moments

**ber den Autor und weitere Mitwirkende** The truth is, Len Webster is a romance-loving Melbournian with dreams of finding her version of *The One*. She calls Australia home, but secretly wishes a man with a beautiful accent would whisk her away. She's been called a hopeless romantic and a firm believer of happily ever afters, which she doesn't object to. Having just completed her Bachelor in Business and Commerce, Len can be found daydreaming of her next Europe adventure or swooning over Mr. Darcy. Her best friends are a hot cup of tea, red velvet cupcakes, a warm jumper and her MacBook, ready to write to her heart's content.
