**Von Nicole Garcia : Somnus' Love (A Roman God Romance Book 2) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Somnus' Love (A Roman God Romance Book 2) (English Edition):

Von Anna SalamatinFirst, I just have to say that I so enjoyed this second installment and was happy to catch up with Cupid, Val, and their son Kane who is two years old now and doing great. In fact this little guy

has more going on than anyone truly realizes I think. And even though this is really Somnus and Lailas story, pretty much everyone gets in on the act. Actually, between Olympus and the Underworld, it's turning into a regular Peyton Place. Jupiter, the King, has been keeping some pretty significant secrets. Turns out that Somnus is a twin. Yep, he's got a brother. I sure didn't see that coming. And that's not the half of it, but since I don't do spoilers, your going to have to read this one for yourself. I will tell you that Hercules is in for a few surprises himself and he's not going to like them one little bit! So, anyway, there are a couple hiccups to cure and get over for Somnus and Laila, but, O.M.G. when they do, hot, hot, hot is all I can say. At the start of this story, I just wanted to cry for Somnus. Then I spent the rest of the time chuckling, sighing, and Oh hell noing it. This book had me right up to the very last sentence..... Again, didn't see it coming at all! I am already wanting the next installment. I hope it's about who I think it's gona be about. I was gifted this book in return for my honest review.

Both my sons have special needs since they are Autistic. I have a degree in Nursing, but have been a stay at home mom for the past 8 years. I have a few hobbies such as gardening and rescuing exotic pets. We have so many I could probably charge admission to our small petting zoo. But I have to say my absolute passion is reading. So after spending so much time at home, I decided to make a career out of sharing my love for books. Writing and promoting has become a full time job for me now. There are so many unknown authors out there that deserve to have their books read by many. So after promoting for authors for two years, I decided to follow my dreams and start writing my own books. I started writing poetry when I was just a little girl and have always loved the feeling it gave me. Currently I write New Adult, Contemporary, and Paranormal Romance, but I plan to write other genres in the future. Hope you will join me in all the fun ahead.
