Von Elaine Ashford : Sophomore Secrets (Straight College Guys Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sophomore Secrets (Straight College Guys Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Beautiful written love storysweet, funny and entertaining.Von RiinaI recently discovered Elaine Ashfords works and am very glad I did. Sophomore Secrets was a total win for me! Once again I find her writing engaging, love the easy flow. The story itself is quite simple but wonderfully executed, and all of her boys are incredibly lovelysweet, funny

and entertaining. We've met Owen in Freshman Feint, the first installment of the series, and I've pretty much loved the guy right from the start. There, instead of hooking up with Liam, they became good friends, their easy chemistry a great addition to Liam and Nathans story. Ever since then I was excited to read more from Owen. I'm happy to say it was everything I wanted it to be. Owen and Jordan play hockey together, share a few classes and an apartment. They've been best friends for the past couple of years. Ever since they met, Owen has had a crush on his presumably straight friend. After fighting his growing attraction for a long time, Owen eventually gives in and simply enjoys their friendship and gobbles up all the attention and company he can get. He's sure it won't go anywhere and knows it isn't quite healthy. He daydreams of Jordan seeing him, wanting them to be closer and more than just friends, but Jordan is his great, great weakness. When Jordans Girlfriend is off to Paris for an exchange semester, and they're broken up for good, Jordan soon realizes how important and meaningful Owens friendship truly is. Besides hanging together at school and the rink, in their free time it's almost always just the two of them: sharing home-made dinners (made by Jordan), studying and watching television. It's suddenly easy to see Owen in a different light. See him for who he never knew Owen could be and what he really means to Jordan. ---I received a free copy of this book in return for an honest review. Thank you. I'll be waiting patiently for the next installment :)

Kurzbeschreibung Can something this new stand the test of time? Hidden hopes... Owen has been hiding his feelings for his roommate and best friend, Jordan, since the first day of freshman year. When Jordan breaks up with his girlfriend and starts spending more time with his roommate, it's sweet torment. Now, even when Owen is around other guys, he finds himself wanting the one man he can't have. Private passions... Jordan has a secret of his own: his growing attraction to Owen. He's not sure what it all means--but he knows it bothers him when his roommate meets other guys. The more his jealousy grows, the harder it is to deny what's behind it. Romantic risk... When the pair finally admit the chemistry between them, Owen's afraid that Jordan is just experimenting. Can their exploration become something much more lasting...or will Owen be left with nothing but memories and a broken heart? Sophomore Secrets is a 20000 word standalone novella with a happy ending and no cliffhangers. Kurzbeschreibung Can something this new stand the test of time? Hidden hopes...
