this is a short read approximately 89 pages but it's well worth it. I can't even describe the words to let you know how tremendous this series is. This island is just amazing, wouldn't it be nice if it was real. Needless to say there are many authors writing each book, yet they all stay in sequence of each other. And let's not forget the magical characters. Yes this could be a stand alone if need be, I believe you'll love it as much as I do. Rebecca Jones aka Becca, grandmother died and now Becca was by herself, so she decided it was time to find her father but how? All she had was an ancient scroll her grandmother gave her in a language she didn't know. Even her profession as a Librarian didn't help her any. Going to Wiccan Haus Island might have some answers for her, she hoped. She had just a little problem concentrating right now. Becca couldn't help herself but she watched this very handsome man, she wanted to touch him, feel him, kiss him. He would turn catching her staring. Oops! Ian Branson is a Sorcerer, he was also the Syndicates chairman of Rules and Regulations on the Lawful Use of Magick. Since his son was kidnapped but found he can not concentrate he's all screwed up so he decided to have a mini-vacation on the island. Then as if one problem wasn't enough his Sexual Drive decided to spring up. I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung Librarian Rebecca Jones has always found solace in books. The death of her grandmother leaves her alone in the world. An inherited old Welsh scroll renews her desire to find the father she never knew. She hopes fairytale Wiccan Haus will yield the answers she needs. Descendent of the inspiration for the Merlin legend Ian Branson lives with the responsibility of protecting humans and paranormal beings. He takes an impromptu vacation with the Rowans of Wiccan Haus, seeking healing for his out of control psychic abilities. As soon as Ian meets Becca, he feels the pull of his soul mate. Love has no place in his life, but he cannot deny the peace only she can provide. Becca finds her Welsh knight in shining armor to translate her scroll, but passion tempts her from her quest to find her father. As their relationship blooms, Ian fears putting another loved one in jeopardy. A tryst isn't enough but Ian's charmed solution goes awry. With his emotions into a tailspin, he is forced to sacrifice his pride and ask the formidable eldest Rowan for help. Will Sarkas magic reverse the sorcerer's spell and will Becca accept Ian's legacy and her own?
