Von Miki101.Micha ...normally - together with the old Lhama Lokhesh - nowadays has to inspect the dirty ditches of Tibet.And finds himself facing much deeper and dirtier waters when he has to replace - under heavy pressure - a member of an international team, UNO included. Whose members

want to clear the more and more frequent cases of self-immolation. Immolation - yes that means to set Yourself on fire, burn to death - to help Your people. I had to stop for a moment because it is so sad to hear or read about those often young persons, who are really sacrificing their lives for Tibet, their Mother-country. Burning themselves for a freedom, neither of them will ever see. But the Chinese want to transform this ultimate sacrifice into incidents, accidents, violence in family - to negate those gestures of desperation the attention, the whole world should pay it. But besides and underneath this Commission are not only the thousands of murdered monks and nuns are buried, but more recent killings as far away as Macao, but also as near as the next village... There are international interests involved, about things most of us cannot even imagine. And Shan has to make a real pact with the devil this time. To save himself, his son and the devil, too... As always absolutely worth reading it, the book is a "j'accuse" in favor of the Tibetans - a dying race under the eyes of the whole world! Yet a real shame for the last and a lot bigger for this century or millennium - and for us, too, living in it. Ein großes Abenteuer für Inspektor Shan, von innerlich Von Customer Ich habe alle Pattinson Bücher gelesen. Dies hat mir am besten gefallen weil es da auch viel die inneren Kämpfe von Lokesh betrachtet. Man muss jeden Tag aufs neue um seine "Erleuchtung" kämpfen, auch erfahrene haben Durststrecken. Sehr menschlich! Selbstverbrennungen als Mittel des gewaltlosen Widerstands bleiben mir auch nach dem Buch fremd

Kurzbeschreibung In Eliot Pattison's *Soul of the Fire*, When Shan Tao Yun and his old friend Lokesh are abruptly dragged away by Public Security, he is convinced that their secret, often illegal, support of struggling Tibetans has brought their final ruin. But his fear turns to confusion as he discovers he has been chosen to fill a vacancy on a special international commission investigating Tibetan suicides. Soon he finds that his predecessor was murdered, and when a monk sets himself on fire in front of the commissioners he realizes that the Commission is being used as a tool to whitewash Tibet's self-immolation protests as acts of crime and terrorism. Shan faces an impossible dilemma when the Public Security officer who runs the Commission, Major Ren, orders the imprisoned Lokesh beaten to coerce Shan into following Beijing's script for the Commission. He has no choice but to become part of the hated machine that is devouring Tibet, but when he discovers that the most recent immolation was actually another murder, he realizes the Commission itself is riddled with crime and intrigue. Everywhere he turns, Shan finds new secrets that seem to lead to the last agonizing chapter of his life. Shan must make a final desperate effort to uncover the Commission's terrible secrets whose painful truth could change Shan's life - and possibly that of many Tibetans - forever. **Pressestimmen** "An unparalleled series... a complex and suspenseful tale of murder... erudite, eloquent and entertaining." -- "Booklist" (starred) on "Beautiful Ghosts" "A rich and multilayered story that mirrors the complexity of the surrounding land." -- "San Francisco Chronicle" on "Water Touching Stone" Praise for "Mandarin Gate" "Pattison portrays the oppression of the Tibetan people with dramatic delicacy and rich insight..." -- CNN.com..
