Von Terry Goodkind : Soul Of The Fire (Sword of Truth) before purchasing it in order to gage whether or not it would be worth my time, and all praised Soul Of The Fire (Sword of Truth):

Kundenrezensionen Hilfreichste Kundenrezensionen 3 von 3 Kunden fanden die folgende Rezension hilfreich. Insgesamt ein gutes Buch, aber ... Von Customer Insgesamt gefällt mir die Serie recht gut - unabhängig davon, was hier der eine oder andere so schreibt. Von daher will ich auch gar nicht auf Plot oder Charaktere eingehen. Aber was ich als

zunehmend strend empfunden habe: Mit fortschreiten der Serie wird die Zahl der sich wiederholenden Erklungen immer grsser. Nicht nur werden Begriffe / Ereignisse / Personen aus frheren Bnden teilweise ber komplette Seiten nochmal nachgeliefert - dieses 'Stilmittel' findet auch zunehmend fr Ereignisse, die in dem Buch selber stattfinden, Verwendung. Ich hatte jedenfalls schon mehrfach Deja Vus der Art - das habe ich doch gerade vor 2 Kapiteln schon zum 3. Mal mal gelesen.Fr mich ist das ausreichend, um ein ansonsten solides und interessantes Fantasy Buch / Serie von 4 auf 3 Sterne abzuwerten.0 von 0 Kunden fanden die folgende Rezension hilfreich. Not up to ParVon Dawn CarrollI have to admit that ever since I happened to pick up Stone of Tears in an airport I've hungered for these books. I could hardly contain myself as publication day drew near for Soul of the Fire. I was in for a disappointment however. Half of the book is spent on characters that were anything but sympathetic and as far as I can tell just served to illustrate the impact of ignorance and power mongering. There wasn't nearly enough of the casual interaction among characters that I so loved in the other books. Soul of the Fire lacked the same sense of urgency that the other stories had and this instalment seemed to do very little to advance the overall storyline of the series. I guess I'll just have to wait a year or so for the next book and hope for the best (which is what I've come to expect from Mr. Goodkind).0 von 0 Kunden fanden die folgende Rezension hilfreich. Goodkind took two years to write this?!Von David KelleyI must say that the Sword of Truth series is one of the best I have read. However, Soul of the Fire was just horrible; over half of the book was devoted to a developing a new group of characters who were boring and really had no effect on the ongoing storyline and it felt like he just threw in the returning characters to say it was a Sword of Truth book. My opinion, read the first four, skip this one (just find someone to tell you a Cliff's Notes version) and wait patiently for the next.

KurzbeschreibungThe Sword of Truth series follows Richard Cypher, a young woodsman intent on tracking down his father's murderer. His quest will take him far from home, embroiling him in an ancient war, three-millennia past, that is about to re-ignite with world-shattering violence. Richard has traveled far from his roots as a simple woods guide. Emperor of the D'Haran Empire, war wizard, the Seeker of Truth but none of these roles mean as much to him as his newest: husband to his beloved Kahlan Amnell, Mother Confessor of the Midlands. But their wedding day is the key that unlocks a spell sealed away long ago in a faraway country. Now a deadly power pours forth that threatens to turn the world into a lifeless waste. Separated from the Sword of Truth and stripped of their magic, Richard and Kahlan must journey across the Midlands to discover a dark secret from the past and a trap that could tear them apart forever. For their fate has become inextricably entwined with that of the Midlands and there's no place so dangerous as a world without magic... .deSoul of the Fire is the fifth book in Terry Goodkind's wildly popular Sword of Truth saga. The previous books are: Wizard's First Rule, Stone of Tears, Blood of the Fold, and Temple of the Winds. When last we saw our heroes--Richard Cypher (Lord Rahl) and Kahlan Amnell--they each had made enormous sacrifices to save one another from certain doom. To save her beloved, Khalan, Mother Confessor of the Midlands, had spoken the three chimes, summoning these chaotic beings from the world beyond and unwittingly releasing incredibly destructive power. Now the chimes are stealing souls, and malevolent forces are reshaping the world itself. To save everything from almost certain doom, Richard, Kahlan, and the wizard Zedd must hunt the elusive chimes and reharne them before it's too late. Although comparisons to Robert Jordan's Wheel of Time series are inevitable, there's obviously enough room in the world for more than one blockbuster swords and sorcery series. With Soul of the Fire, fans of epic sagas will get their fill of adventure, magic, strange beings, and struggles for power as Goodkind delivers another thrilling episode of the Sword of Truth, with all the complexity and taut characterization we've come to expect from this master of fantasy. --Adam FisherPressestimmenGoodkind's ingenious world building will keep readers captivated.
