KurzbeschreibungWhat if magic existed and the world you loved was to be destroyed.....by the force of your own destiny?Persephone Jones, an inexperienced young woman, is starting her first year of college. A dreamer and loner, she has always felt awkward and out of place. Hoping for a fresh start, her reality is abruptly shattered when she encounters exceedingly handsome yet intimidating Aaron Chambers, her college professor. Drawn to him against her better judgment through a mysterious, powerful and dangerous connection, she must defy a centuries old curse and break the violent bond or come to terms with her own terrible destiny...For all light shall vanish before Darkness... Set in America and Ireland, 'Souls of Fire' (the first novel in The Souls Series) is a mixture of Paranormal Romance, Urban Epic Fantasy, and Young New Adult. It's a tale about desire and love, a secret society of witches, and the battle between the forces of good and evil.
