**Von Karen Kelley : Southern Comfort (Southern Series Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Southern Comfort (Southern Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. 4,5 starsVon JN12The book was suspensefull but it lacked a bit of mystery. The opponent of the heroine and therefore the hero was known from the beginning and seeing that this is romantic suspense it was obvious from the beginning that the good guys/gals would win. In consequence the mystery part wasn't what I hoped it would be.The first sex scene

was something though... Sex by accident (kind of). As I gather no other book has written something like that before. Unfortunately the sex scenes grew duller as the story progressed. The story in itself wasn't dull though. The characters were believable and the emotional or psychological part (how they/she faced her buried past, how the people surrounding them slowly found a place in Fallon's heart) was rather good. All in all this was a good read. I did not want to put it aside, although I unfortunately had to. Due to the lacking mystery and some flaws the book only receives 4.5 stars.

**Synopsis** Undercover DEA agent Fallon Hargis can handle a nine-millimetre and take down a drug cartel. But nothing in her training has prepared her for sexy Wade Tanner and Two Creeks, Texas. That's why he quit the detective life to become sheriff of this sleepy town. Now suddenly there's this bold, brassy, sexy, and unbelievably exciting woman luring him out of his comfort zone and into a life of chaos he didn't realize he missed.
