Erfahrungsberichte zum Thema Real-Life-spanking Von Wombat Richtig gute und vielseitige Sammlung von spanking - Erfahrungen. Fr Kenner und Liebhaber des gepflegten school spankings. Glaubwürdig und realistisch. Empfehlenswert - und anregend.

Kurzbeschreibung Many years ago it was common for corporal punishment to be administered at school. The principal or headmaster was usually the one designated to carry out that task. As a former principal or a Baptist middle school for grades 6 to 8, I paddled many students during my 20 years of service. On these pages are accounts of students who found themselves making that long trip to the principals office. I have also asked my friend Janet to talk to others that experienced what she did three times during her three years at a Baptist school. There is no way to know if all of these accounts are factual but I assume that they are. In any event, they are very interesting.
