KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. First in a six-book series by different authors. Von Detra FitchSpecial Agent Hawk Bledsoe never thought he would return to his hometown of Cold Plains, Wyoming. He had left shortly after graduation. Carly Finn was supposed to go with him. Hawk had felt his heart shatter when Carly told him that she did not love him and was staying on the family farm.

Hawk had left Carly and Cold Plains behind. But the Bureau now has several dead women. The only link between them is that they were from Cold Plains or had been in their recent past. Hawk has recruited three agents for this mission, but only Hawk would actually enter Cold Plains. When Hawk enters Cold Plains, little is familiar. All the streets have been repaved. Not one piece of litter is in sight. Everyone has a smile plastered on their face. No one wears revealing clothes - not even jeans. Every child is well behaved and their clothing is spotless. It is a picture-perfect town filled with perfect robots. Of course, Hawk knows who is behind the transformation of Cold Plains. Samuel Grayson virtually owns the town. With his charm, good looks, and charisma, Grayson has used the last several years to brainwash everyone. If anyone caused the slightest ripple in Grayson's town, they disappeared. Some are never seen again. Others are found dead, somewhere outside of Cold Plains. The first time Hawk sees Carly in town he is shocked. She is as robotic as everyone else. But when he drives out to her place to ask her a few questions, Hawk finally gets to meet the spitfire he remembers. He also realizes that the passion between them still sizzles. Carly Finn hates Cold Plains. Carly had promised her dying mother to look after her baby sister, Mia. Carly had been unable to leave with Hawk. To keep him from giving up his dreams, Carly had lied and told Hawk that she did not really love him. Now he is back and has no idea of the danger he is in or the trouble he could cause. Mia is mesmerized by Grayson and refuses to hear anything negative about the man. Grayson has persuaded Mia to marry a man who is twice her age. The widower's barren wife is one of the locals that disappeared and Grayson believes Mia will give the man several beautiful children. If Carly cannot somehow stop the wedding, she may have to kidnap her sister in order to save her. Problem is that anytime Carly nears Mia, one of the people from Grayson's inner circle waylays her. Worse, Grayson has taken a personal interest in Carly. The thought of allowing Grayson to touch her gives Carly the creeps. But Hawk's touch sets her on fire. If Carly is not careful, Hawk could ruin her years of robotic and submissive acting. Carly could very well fail to protect Mia...or Carly could end up being the next person to disappear.*****

FOUR STARS! This is the first title of a six-book series set in the perfect town of Cold Plains. Each story stands alone and focuses on one main couple. But all the stories share the same (major) villains. You do not have to read all the stories (again, each stands alone) and you do not have to read them in order; however, if you read this series in order, I believe you will enjoy it more. This story has a brief section where Hawk meets Dr. Rafe Black, who is new to the town. He is pretending to like the town and Grayson's ideas, but he is actually searching for his missing son. (The mother was one of the dead ladies found nearby.) Rafe Black will have his story told in the third title (*A Daughter's Perfect Secret* by Kimberly Van Meter). But by including this short meeting between Hawk and Rafe, the town became a little more believable to me and the FBI mission more intense. Author Marie Ferrarella has done a wonderful job of laying down a solid foundation upon which the next five stories will build. *****Reviewed by Detra Fitch of Huntress Reviews.

Kurzbeschreibung Carly is stunned to see former love Hawk return to town as an FBI agent tracking a serial killer. Hawk doesn't know why Carly once ended their romance so cruelly or how much she sacrificed for him. But now, as they risk their lives to expose the town's monstrous secret, danger only revives the desire they've both tried to resist.
