Etruscan series Von Susi Sunshine Julian's Etruscan world is something fresh in the world of monotone mythical settings. Her new series is again set in this world but it takes place before any of her previous series so this is actually a good way to take the chance and jump into her world. It will also show some other aspects to those of you who already fell in love with her work. In Spell Bound we meet Shea currently on the run with her little brother. An old enemy, Dario Paganelli, is chasing them and they are in dire need of help. The siblings are totally lost in this battle even more so because they don't know why all this is happening. I have to admit that I never really warmed up to Shea. She is a strong heroine but for me she was at times too angry and self-condescending. She blamed herself for so many things and no matter what she didn't seem to want to stop doing it. Gabriel is a Grigorio deep to the bone. He was raised to be one and it is truly his calling, I really liked him. He is a strong and stubborn man but he also has a soft side who isn't too manly to tell his mother he loves her. *sigh* He has many facets and well he just plain fascinated me- to see his soft and hard edges and the way all those made him the man he is. Just great. I also really loved the subplot between Quinn and Serina. So much tension and heartbreak to find in this story. I so hope these two will get their own book. They deserve a shot at love and happiness. Sadly the mainplot didn't really keep my attention. I can't really point out why. Perhaps it didn't happen enough at times and other times the action just seemed to tumble over each other. The balance felt off. And well I admit it the romance took too long for my taste to really start. The build up was rather slow and my interest started to diminish on the way. Also I missed Julian's humor a bit. There were glimpses of it but not enough to lighten the overall mood of the book. It seems my expectations were too high this time. It's not like this is a bad book it really isn't but it just didn't grab me as much as her previous novels did. Nonetheless Spell Bound is the start to a new promising series and well I'm already hungry to see who we will meet in the next book (chances Quinn and Serena). If you like your paranormal romances on the serious side this is just the book for you.
