Von Zara Cox : SPIRAL (The Indigo Lounge Series Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised SPIRAL (The Indigo Lounge Series Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. DisappointingVon readerHaving bought "Spiral" as the third book of a series I expected some characters of the previous books, but the only connection was the exclusive airplane. There were a lot of sex scenes and later confessions unveiling the past. I missed interaction with the other passengers either on board or at the destinations, the focus was only on the main characters. His caring friends did not show up. It is a kind of mystery that his exfiancee and her warden plot together, how did they know each other and how could they guess that Leia and Noah would fall for each other. I was surprised by the cliffhanger and disappointed when the book ended at 93%, the rest was a novella by

another author.
