**Von Lia Black : Spiretown (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Spiretown (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Gut entwickelte GeschichteVon buchlingharrowgateEine schne, lange und gut geschriebene Geschichte. Die Charaktere haben Ecken und Kanten, sind aber immer glaubwrdig und auf ihre Art sympathisch. Die Handlung ist spannend und die Entwicklung der Hauptcharaktere und ihrer Romanze nachvollziehbar, keine Seelengefhrten auf den ersten Blick oder hnliches.Gute Unterhaltung fr ein paar Tage lesen, oder (wie bei mir) einen sehr langen Abend. Ich hab's umsonst bekommen, aber auch der regulre Kaufpreis wre nicht fehlinvestiert.

KurzbeschreibungGenres: Romance, Contemporary Fantasy, Yaoi (M/M erotic romance)Its been several years since the end of the Mage wars. Those born with the taint of magic are sent to places like Spiretown, a city within a city that serves as a prison for its inhabitants. Logan Grey is the self-proclaimed mayor of this ghetto, but hes suddenly found himself in some trouble, and he needs help from an unlikely source.Templar Battalion Commander Collin Anderfels is having a very bad week. His fiance left him for his best friend, he was blown up in a raid gone wrong, and now hes been forced to protect a man who represents everything that Collin loathes. Worse still is the fact that Logan Grey keeps saving his life, and he seems intent on bedding the young Commander, despite Collin's sometimes violent protests.Somewhat, beyond prejudice and deceit these two unlikely partners find themselves becoming more than just allies, but can a love born from lies survive when the gates of hell are torn open?KurzbeschreibungGenres: Romance, Contemporary Fantasy, Yaoi (M/M erotic romance)Its been several years since the end of the Mage wars. She's a fearless writer, telling stories of the world we know intertwined with a paranormal world of intrigue and seduction. Her tales centre around strong, memorable characters whose relationships challenge the reader's preconceptions and taboos, offering in return an exciting and sexy ride through myth and legend. Prolific and imaginative, Lia has a number of works in progress at any moment. In time to come, new stories will emerge to describe more of the erotic, supernatural world that lies beneath our own. --Steve Madill Black's characters may not start out being entirely loveable; in fact, she sees it as a challenge to turn a flawed character into someone the reader will come to understand, and hopefully root-for, during their evolution through the story. Black's complex and twisting plot lines pull her readers through changing landscapes and character motivations. Often, her stories explore the darker sides of the human condition and play with things that go bump in the night. Black's titles include contemporary fantasy and science fiction, all with an overarching romantic theme; and she writes both gay (M/M) and heterosexual (M/F) romance. Lia Black currently resides in upstate New York with her daughter and the many character voices in her head.
