KurzbeschreibungSPLINTERED DOORS (second edition 6/1/14):Jim Egan was no ordinary NSA secret agent. He worked as an embedded clandestine agent along with a small group of other agents inside a computer company based outside of Boston, Massachusetts. His occupation was a secret to all, including his wife and family, until a weapons bust goes horribly wrong in a small town outside of Paris, France. After facing death squarely in the eye he decides it's finally time to come clean and tell his wife who he really was. This is Jim's story, from how he became an agent to how he almost lost his life. There are now over 9500 copies of my book distributed. I want to thank everybody who has taken the time to download my story and read it. Thank you.
