The first few chapters are hard to get through, but you'll be

hooked by Chapt. 4. The author frequently refers to other literary works by Dante, Schiller, the Bible, etc., which you may or may not have already read, but the story-line is captivating and unpredictable. It was hard to put it down. I thoroughly loved it, and highly recommend it to others. When you walk away from it, you'll still have a lot to think over. 1 von 1 Kunden fanden die folgende Rezension hilfreich. St. Elmo is challenging and inspiring.
