Von Helena Ravenscroft : Stand and Deliver (Black Lace) before purchasing it in order to gage whether or not it would be worth my time, and all praised Stand and Deliver (Black Lace):

most memorable Black Lace book I have read. Von Ein Kunde I am surprised to have found writing of this quality under the Black Lace imprint; whilst the great majority of the Black Lace erotic novels I have read have at the very least been well written, *Stand and Deliver* sets new standards which I hope are maintained in future Black Lace offerings. Helena Ravenscroft expertly re-creates the atmosphere of 18th Century England, and within an unusually well-crafted plot finds opportunity for some of the most inventive and arousing erotic writing I have had the pleasure (!) to read. I look forward to more work by this author; her book moves the Black Lace imprint into a new class of erotic writing, and I wholeheartedly recommend it, to those new to erotica and those like myself who have read a great deal of erotic fiction old and new. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Saucy Von Ein Kunde This is the first book of its type that I have read, and I have to admit it was very good. The book is very steamy, and I managed to get through it in a night. The story line isn't bad detailing the search for a lost will, and the ending is highly amusing. The erotica parts are very, well, erotic and there are lots of them, so if they're the sole reason your reading this book, you won't be disappointed. I hope to read the author's other books when they come out, and I hope there as good as this debut. Summary: the bad guy is very bad and the good guy ain't so good. Lydia the heroine isn't exactly completely naive herself. being alternatively innocent and manipulative, sometimes both at the same time. All in all a pretty good book, and highly recommended. 0 von 0 Kunden fanden die folgende Rezension hilfreich. EXTREMELY HOT Von Ein Kunde I loved this book. It is perhaps the best black lace book I've read (and I've read several). Lots of really kinky action and a well-developed plot, although that's not really so important. The ending was a bit disappointing, but all in all, this book was scrumptious, and I'm going to share it with my boyfriend. If you like this one, you'll probably also like *Hostage To Fantasy* and *Darker Than Love*, also from the Black Lace Series.

Kurzbeschreibung It is 1745, and Lydia Hawkesworth feels torn between her love for highwayman Drummond and her passion for his decadent younger brother Valerian. With the arrival at Hawkesworth Manor of the icy French beauty, Madame de Chaillot, Valerian's plans to steal his brother's inheritance turn down a sinister path - one which Lydia is drawn to follow.
