Von Zena Valentine : Star-Crossed Lovers (Silhouette Desire) before purchasing it in order to gage whether or not it would be worth my time, and all praised Star-Crossed Lovers (Silhouette Desire):

This is an example of the finest work that a romance novel can be. I sure never expected to become so attached to the main characters of a book in this genre. But Zena Valentine really draws you in--enough that you wish there were a sequel! What sets her apart is the depth and color of the stories. I read her first one, and it was so great, I kept looking for her next, which I can now report is equally as great. Her characters are REAL and their stories are engaging--you can tell the author put a lot of thought into the plot--plus the romance is wonderful! I hope Zena Valentine comes out with more books of this caliber soon. She's definitely unique among her peers.0 von 0 Kunden fanden die folgende Rezension hilfreich. I laughed, I cried...Von Ein
