Message Von taking a rest This 15th installment in The New Jedi Order Series is excellent. Happily it is the first of a trilogy and fans will have the second installment in May, and the final installment in July. The entire NJO Series will end this coming November, and if this book is any indication of what is to follow over the next 9 months, there should be a spectacular final run of tales leading to the end. This is a substantial book of over 400 pages, and it is not that length because of the font size. This is a sweeping story with at least 3 major plot lines and several other smaller issues that will likely develop as well. All involve the characters fans have come to enjoy and admire the most over the years. Sean Williams and Shane Dix wrote this installment and they should be commended for giving readers one tremendous ride. They have produced a book that is very balanced, it is not a book that is a completely introspective one about what the force is, nor is it another long battle plan that ends with one side winning or losing or merely great damage inflicted on one another. It includes a variety of issues; no one idea overwhelms the book. What this writing pair has done so well is to bring all of Jacen's experiences and thought, his relationship with Vergere, Jaina's issues, and a new spin on the character of Tahiri together, as well as further developing other characters as well. A certain member of the Chiss continues to become a larger part of Jaina's life even when she is beating him silly while sparring together. Another familiar character may be on the path to becoming more than an acquaintance for Jacen as well. It appears that by the time this series ends, few of our heroes will be left alone and I hope that no more are lost as I feel enough damage has been done to the original players. There are other names that are mentioned that may or may not become part of this story arc. Readers will have to reach back to several years ago, and dozens and dozens of previous books to remember the species of the Ssi-ruuk of Bakura. Refreshing your memory about what this race was about and how they operate will be beneficial prior to reading this book. The remnants of The Empire once again make an appearance but this one differs from any they have ever made in the past. And Grand Moff Palleon will play a role few will expect. There are numerous mysteries that are only mentioned in passing and others that are placed before the reader as perhaps being part of the ultimate solution to this war that started some 15 books ago. The Galactic Alliance will not fight the Vong to the death, for to do so would make them as guilty of Genocide as the Vong are. A solution must be found, and may that answer be Zonama Sekot? This is a phenomenal read and one of the better books that have been presented to Star Wars fans in quite some time.

Von Omar I needed 4 Days to read this book, and only because i didn't have more time to read :) It has all the expected elements of the NEW JEDI ORDER series: Treason (whole governments), love (Jacen becomes interested in a woman, while his sister Jaina continues to have a relationship with Jag Fel), new hope of turning the tide (for example a whole planet that moves), space battles and really exciting new developments... Telling you more would only spoil the exciting story. But i would definitely recommend this book. And i'm really looking forward to read the next episode :) Best Regards, Omar

Die neue Republik ist geschlagen, doch aus ihrer Asche hat sich die Galaktische Fderation Freier Allianzen erhoben. Auf Mon Calamari haben sich die berreste des Senats versammelt und einen neuen Staatschef ernannt, welcher dann auch gleich die Jedi zusammengerufen hat, um den Jedi-Rat neu ins Leben zu rufen. Nun finden zur gleichen Zeit zwei Sitzungen statt, um ber das weitere Vorgehen gegen die Yuuzhan Vong zu beraten. Im Rahmen dieses Vorgehens entschliet sich Luke Skywalker einen anderen Weg als den der militrischen Aggression zu suchen. Er und eine Gruppe Jedi wollen sich in die unbekanntenen Regionen aufmachen, um dort nach dem legendren Planeten Zonama Sekot zu suchen, der vielleicht den Schlssel zur Bedrohung durch die Yuuzhan Vong darstellt. Doch zuallererst wollen sie sich nach Bastion, ins imperiale Territorium, und zu den Chiss begeben, um dort nach wertvollen Informationen und Verbndeten Ausschau zu halten. Noch whrend der Reisevorbereitungen erhlt man beunruhigende Nachrichten von Tahiri Veila, deren traumatische Erlebnisse sie scheinbar eingeholt haben. Schlielich beschliet Leia sie mit auf ihre eigene Mission in Richtung Koornacht Sternhaufen mitzunehmen. Dieser Band ist der erste einer Triologie und befasst sich hauptthematisch mit der Suche nach Zonama Sekot und einem Ausweg. Anstatt sich dabei nur auf eine Handlungslinie zu beschrnken fhren die Autoren mehrere Nebenlinien ein, deren Sinn und Zweck sich erst spter und vor allem im Finale der New Jedi Order bemerkbar machen wird. Die New Jedi Order-ra neigt sich dem Ende zu und mit diesem Band beginnt die unvermeidliche Konfrontation, der sich alle Nebenhandlungen schlielich zu stellen haben. Fazit: Spannend, ja fast qulend spannend leitet dieser Band den Beginn der Force-Heretic-Triologie ein, auch wenn er noch keinen Blick auf das Finale freigibt.
