KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. Nicht schlechtVon TariDas Buch an sich ist wirklich gut. Story passt, Beschreibung der Charaktere lsst einfach nur an die

Serie denken. Toll. Einen Stern Abzug gibts, weil sich die englischen Schachtelstze nicht immer so gut verstehen lassen. Also besser erst das eigene Englisch aufpolieren und zur Eingewohnung ein anderes engl. Buch lesen. Hat man das Sprachproblemchen überwunden ist dieses Buch absolut zu empfehlen. 0 von 1 Kunden fanden die folgende Rezension hilfreich. ganz gute kindle- Version Von Veronika Schmidt Wer schon einige Stargate SG 1- Bücher gelesen hat, kann auch dieses lesen, für Einsteiger in diese Materie würde ich es nicht unbedingt empfehlen. Am besten vorher die Serie anschauen, erleichtert die Zusammenhänge zu verstehen und auch den Witz zu erkennen, der manchmal vorkommt.

Kurzbeschreibung All that glitters Colonel Jack O'Neill wants a relaxing mission for SG-1 as they recover from Shares death at the hands of Tealc and the horrors of Sokars prison world of Netu. The trade negotiations on Saday look like just the ticket until the pirates show up. Captured by rival bands of treasure hunters in search of the mythical Hearts Desire, the team must fight to stay alive and to find each other among the vast mountains and ravines of a world where pirates captain airships and down is a very long way indeed. But SG-1 have deeper battles to fight. In the wake of his wifes death, Daniel Jackson strives to rebuild his friendship with Tealc while Major Carter struggles to accept the legacy of Jolinars memories STARGATE SG-1: Hearts Desire What happened? Jack squinted, blinking through watering eyes to try to see if there was any obvious damage. He couldnt see any, although the upper side of the canopy was out of view. Still, the canopy didnt seem to be deforming as he thought it would be if the lightning strike had ripped through its canvas. I think we just found out that we do have lightning rods! Carters voice rose a notch. Did we get hit by lightning? Fix the drive! Im trying! Jacks numb hands were slipping on the steering column, the metal slick with ice. He spared a glance down under his feet, and then let himself slide, finding his footing on the underside of the canopy. He scrubbed snow out of his face with the back of his hand, but the icy glove wasnt much help. Anywhere that isnt hot for our next mission, hed said after Netu. Just send us anywhere that isnt hot. I take it back! he yelled, but the wind whipped the words away.
