**Von Michael Wallace : Starship Blackbeard: The Complete Series (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Starship Blackbeard: The Complete Series (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. very averageVon xaanThis book has a lot of unused potential. The plot and the background are interesting. There is a high potential for friction within the crew. Unfortunately, a lot of the things happening in this book are completely unbelievable (see spoiler below). If you can overlook that, this book can actually be a fun timekiller.Spoiler!Former Captain Drake has been convicted of war crimes and sentenced to hard labor. Why then is he on his former ship? Among his former crew? I assume the trial didn't take place on the ship. Why wasn't he transferred directly to a transport bound for wherever he was sentenced to go? It feels like a completely artificial construct, just to get the mutiny going. This is not the only highly unbelievable scene, but it stands out.0 von 0 Kunden fanden die folgende Rezension hilfreich. Great space Opera, easy to read!Von GH659I like the characters in this novel.Reading through the book you feel you really know them and you get to like them. The books plot is not new, which certainly does not

mean that it is boring. Reaching 90 % on my kindle I ordered the other two books, so that I could read further on without delay. So if you are after something interesting, which keeps you interested in the further development of the Story and which is easy to read then you should turn to Starship Blackbeard! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Totally liked it! Von Thorsten Hunsicker O.K.. you were set up, bound for the slave pits and rescued by your loyal crew. Now you have a problem facing a corrupt regime and mutiny is not really considered a national favorite... what do you do.. make a run and prove your innocence .. then turn a pirate to fight the corruption... just awesome!

**Kurzbeschreibung** In the aftermath of an interstellar war with an alien race, Captain James Drake is unjustly court-martialed. But Drake won't go down without a fight. Rather than surrender, he'll lead his loyal crew into the frontier worlds to repair and rearm. Fighting the treacherous Lord Admiral Malthorne, Drake makes alliances with aliens and smugglers to clear his name and defeat treason in his beloved homeland.
