**Von Sonya Weiss : Stealing the Groom: A Stealing the Heart Novel** before purchasing it in order to gage whether or not it would be worth my time, and all praised Stealing the Groom: A Stealing the Heart Novel:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. nice readVon Claudiaoh yeah ... this promised everything I want in a romance novel but the reality was not so perfect:Amelia wants to save her best friend Chat from a marriage without love. therefore she kidnapps him from his own wedding and ends up marrying himselfthis sounded like a lot of fun, a cheesy romance and some action. the idea

of friends turned lovers and opposites attract are perfect for a love story. Unfortunately the pacing of this story was off - I think I would have enjoyed the book and the story if the pacing would have been better. Especially in the first half, which was a bit annoying. I liked the second half much better. The characters were nice but I was a bit annoyed with Chat. And I have to confess, I hoped for at least some hot action ... especially the ending could have been a bit longer. The secondary characters were interesting and there is an implicit promise for two more books. It more or less was the foreplay for these two books. On the whole it was a nice read and although this was no perfect read I think I will read the following books. Disclaimer: I received an ARC from Entangled Publishing for an honest review

Kurzbeschreibung Chad Walker may be a take-no-chances man with a plan, but there's no way Amelia Snyder is going to let her best bud marry Mean Girl #1 even if the wedding is solely so he can secure the controlling shares in his family's company. But free-spirited Amelia's at-the-altar groomnapping scheme takes a surprising turn when she ends up as the blushing bride instead. Suddenly, with Amelia living in her handsome husband's home in his bedroom, no less she starts to reconsider their strictly platonic arrangement. But Chad's always been strictly anti-risk and definitely anti-love, and betting a lifetime of best friendship on the chance at forever might be the biggest gamble of all. Each book in the Stealing the Heart series is a standalone, full-length story that can be enjoyed out of order. Series Order: Book #1 Stealing the Groom Book #2 Resisting Her Rival Book #3 Stealing the Bachelor
