Kurzbeschreibung Christopher Mason got more than he dared to believe he deserved; the perfect woman, a love deeper than the emotional scars he carries, and a family. But in true Chris fashion, the greedy asshole wants more. He won't settle for anything less than a legally binding, last name changing event. One that can't take place soon enough. What he isn't ready for is a discovery that will take him back to a dark place, one he refuses to repeat, but sometimes we find our largest revelations hiding in our darkest fears. Mia and Hush are at the top of their game in the rock world. Deemed the current Queen of Rock, Mia is feeling the pressure as well as the love from the industry. She's also not happy with the lengths Chris has gone to for their wedding, but her love for the big asshole, and his unwavering devotion to her, is greater than her frustration. Then a realization puts the two of them on opposite sides and Mia fears this is the one thing their love won't be able to overcome. For the first time, Mia's own fears and emotional turmoil might outweigh Christopher. You're cordially invited as Christopher lays his final claim. \*NOT A STANDALONE\* (Recommend reading the Falling Stars Series to fully enjoy) The Falling Stars Series: Falling Stars Book 1: <http://www.com/gp/product/B008XT3PKM> Stellar Evolution Novella 1.5: (not a standalone) <http://www.com/Stellar-Evolution-Falling-Stars-novella-ebook/dp/B009TSNOJI> Hidden in the Stars (HITS) Book 2: <http://www.com/gp/product/B010R96ZXO> Stellar Collision Novella 2.5: (not a standalone) <http://www.com/gp/product/B019611FKCSNARE> Book 3: <http://www.com/SNARE-Snare-Falling-Stars-novel-ebook/dp/B01B0UACNS> Kurzbeschreibung Christopher Mason got more than he dared to believe he deserved; the perfect woman, a love deeper than the emotional scars he carries, and a family.
