**Von Ali McNamara : Step Back in Time (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Step Back in Time (English Edition):

Kurzbeschreibung How many lifetimes would you travel to find a love that lasts for ever? When single career girl Jo-Jo steps onto a zebra crossing and gets hit by a car, she awakes to find herself in 1963. The fashion, the music, her job, even her romantic life: everything is different. And then it happens three more times, and Jo-Jo finds herself living a completely new life in the 1970s, 80s and 90s. The only people she can rely on are Harry and Ellie, two companions from 2013, and George, the owner of a second-hand record store. If she's ever to return from her travels, Jo-Jo must work out why she's jumping through time like this. And if she does make it back, will her old life ever be the same again? Step back in time with this fabulously fun and feel-good comedy of time travel and romance, from the author of *From Notting Hill with Love* . . . Actually
