**Von Francene Stanley : Still Rock Water (The Moonstone Series Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Still Rock Water (The Moonstone Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.  
Charming, enchanting, engaging novelVon EdithStill Rock Water is an enchanting novel about a woman struggling to find a new purpose in life after she is freed from her oppressive husband. Little does she know that a new purpose has already found her.While she battles with her own problems, shortcomings and longings, an antique moonstone ring

whisks Liliha away into visions of other people's lives and tribulations, challenging her to protect the innocent, prevent crime and support the good. Spiced with paranormal events, the mysterious plot and beautiful prose make this novel a captivating read. Francene Stanley has a great talent to create engaging characters. Even her rogue made me root for him and hope for redemption instead of punishment.

Kurzbeschreibung Still Rock Water is the first in the Moonstone series of paranormal novels set in the little village of St. Ives, Cornwall, England. Liliha's life changes when she inherits her grandmother's star moonstone ring. Instead of playing the role of an Australian housewife, an apparition whisks her away to participate in a flood rescue. She dismisses the strange vision as a dream until it is repeated and grows stronger. Despite her unique ability to help others in distress, Liliha is powerless to alter her depressed, belittling husband. But transformation awaits her in the form of betrayal, losing her ring and immigrating to the other side of the Earth. After a coastal storm, the St. Ives police discover the unique ring on a body and send it away for assessment. Experts at the British Museum offer Liliha an appointment.
