Von Kunde I loved it from start to finish, it was so very well written, especially so easy to be drawn in at the start! It is well worth the money

even if you do not get it as a free eBook (and if you can get it free, there's really not excuse)! The characters are very interesting as is the world; it's something unique, loved the whole theme of the story! This book also has a detailed smut scene so if you are into that, give it a shot! Drawback as with all good shorter stories: it is just over too soon! ^^0 von 0 Kunden fanden die folgende Rezension hilfreich. still waters Von stefaniethis is a lovely mixture of fantasy and a touch of gay romance. very different from what you normally expect in this genre. good strong story new ideas and good writing. i loved it
