**Von Barbara Michaels : Stitches in Time (Georgetown trilogy)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Stitches in Time (Georgetown trilogy):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. A thoroughly enjoyable thriller of a supernatural variety!Von K. L SadlerI don't normally read this type of

mystery/thriller. I usually go for the Tom Clancy type (and I am a woman) or mysteries revolving around detectives/cops. I read the backface of the book and decided to go for it. I wasn't disappointed. My mother is an avid quilter, and yes, women put a lot of thought, pride, and emotion into the things they make whether it is a quilt, clothing, art, or for that matter books. This book had a great premise, pretty good character development, and considering the story, the people within the story had a good sense of humor. I always enjoy humor within a mystery, and this one definitely made me giggle at times when reading it late at night. Luckily my husband sleeps through everything! I plan on reading more of Ms. Michaels' works in the future and hope they turn out to be as enjoyable as this book was. Karen Sadler, Science Education, University of Pittsburgh3 von 3 Kunden fanden die folgende Rezension hilfreich. Great Suspense thriller. Von SmidginSew@aol.comRecently I found the list of Quilt related fiction books on the web. Printed all the titles and authors and proceeded to our local library to check on their availability. Barbara Michaels books are the second set that I have read from this list. (Previously I read the "Tyler series" by Harlequin.) Ammie Come Home, Stitches in Time and just this past Memorial weekend I finished Shattered Silk. On each book I was "captured" from the first chapter to the end. It was very hard for me to stop reading long enough to do any house cleaning. I would recommend each of these three books to anyone who enjoys the past history and suspense surrounding Washington D.C. I wish she would write some more of these type of stories. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Spine-tingling, creepy, worth every page turning minute! Von Ein KundeA wonderful read for those who enjoy a mystery woven together with supernatural happenings. If you're interested in quilting, the occult, or just a grabber of a book, go for it! Best read with the lights on, and a big dog nearby

**Kurzbeschreibung**When an antique bridal quilt appears under mysterious circumstances at the vintage clothing shop where Rachel Grant works, she is fascinated. She has never been able to resist handmade textiles from the past, for she believes that through the ages, women wove protective magic into their fabrics in order to mark the important events of their lives: birth, marriage, and death. But there is more than good in the quilt's magic power. Day by day Rachel sees and feels the power growing, as she senses the quilt influencing her thoughts and actions. Much as Rachel's logical mind longs to deny the supernatural, the aura of evil coming from the quilt is terrifyingly real, and it seems to carry a sinister legacy into the lives of the people Rachel loves.**Kurzbeschreibung**When an antique bridal quilt appears under mysterious circumstances at the vintage clothing shop where Rachel Grant works, she is fascinated.
