Von Carol O'Connell : Stone Angel (A Mallory Novel) before purchasing it in order to gage whether or not it

would be worth my time, and all praised Stone Angel (A Mallory Novel):

Kurzbeschreibung NYPD Detective Kathleen Mallory is back--to face her most terrifying obsession--the murder of her own mother...deAt the end of *Killing Critics*, the third book in Carol O'Connell's addictive series about Mallory, a strikingly original New York City cop, Mallory is traveling south on a train. "She carried no stitch of formal identification that would tie her to a name or a place. This was the way she had come to New York as a child, with only her wits and a bit of a mother's blood on her hands ..." *Stone Angel* shows us both the beginning and end of that journey, solving mysteries set up in O'Connell's first two books in the series--*Mallory's Oracle* and *The Man Who Cast Two Shadows*--as well as raising the inevitable question of what she can do for an encore. Even if the Mallory books end here, O'Connell's future seems secure: these dark and powerful myths are sure to be read and reread for a long time..comAt the end of *Killing Critics*, the third book in Carol O'Connell's addictive series about Mallory, a strikingly original New York City cop, Mallory is traveling south on a train.
