Von David Baldacci : Stone Cold (Camel Club Series) (English Edition) before purchasing it in order to gage

whether or not it would be worth my time, and all praised Stone Cold (Camel Club Series) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. rubbish, DO NOT BUY THIS BOOKVon Joseph Baldacci wrote a number of books( 3 or 4) on the camel club. This is the last of his series so far. All the previous books were so good, the stories told were very catching, and you can not leave the book until you finished it. This one is exactly the opposite of his previous camel club books. The main story line is that after all his disappointing experience with government agencies, Stone goes back into service supported by very boring material and contradictions you would never believe. Also you would never believe the writer of the previous sequels has written this stuff. I have torn the book and sent to recycling without finishing it.0 von 0 Kunden fanden die folgende Rezension hilfreich. OK, but weakest part of the Camel Club booksVon Dennis WernerI enjoyed reading it, although I have to admit that the plot was quite annoying. The continuous misleading and unrealistic turns in the plot ending up in the last part (Murder Mountain again) were only forgiven because I loved to read the books and liked the characters. If this book was an independent book (not in the Camel Club line) I would have stopped reading at some point.0 von 0 Kunden fanden die folgende Rezension hilfreich. Stone Cold / David BaldacciVon KundeEverybody knows David Baldacci Stone Cold gets a 5 Star Rating because it is a good Story. There is nothing in this STORY what could be disliked

KurzbeschreibungThe #1 bestselling author of *The Collectors* and *Simple Genius* returns with *STONE COLD*...an unforgettable novel of revenge, conspiracy, and murder that brings a band of unlikely heroes face-to-face with their greatest threat. Oliver Stone, the leader of the mysterious group that calls itself the Camel Club, is both feared and respected by those who've crossed his path. Keeping a vigilant watch over our leaders in Washington, D.C., the Camel Club has won over some allies, but it has also earned formidable enemies—including those in power who will do anything to prevent Stone and his friends from uncovering the hidden, secret work of the government. Annabelle Conroy, an honorary member of the Camel Club, is also the greatest con artist of her generation. She has swindled forty million dollars from casino king Jerry Bagger, the man who murdered her mother. Now he's hot on her trail with only one goal in mind: Annabelle's death. But as Stone and the Camel Club circle the wagons to protect Annabelle, a new opponent, who makes Bagger's menace pale by comparison, suddenly arises. One by one, men from Stone's shadowy past are turning up dead. Behind this slaughter stands one man: Harry Finn. To almost all who know him, Finn is a doting father and loving husband who uses his skills behind the scenes to keep our nation safe. But the other face of Harry Finn is that of an unstoppable killer who inevitably sets his lethal bull's-eye on Oliver Stone. And with Finn, Stone may well have met his match. As Annabelle and the Camel Club fight for their lives, the twists and turns whipsaw, leading to a finale that is as explosive as it is shattering. And when buried secrets are at last violently resurrected, the members of the Camel Club left standing will be changed forever. With unrelenting pacing, stunning reversals, and two of the most compelling characters in modern fiction, *STONE COLD* is David Baldacci writing at his breathtaking best. From Publishers Weekly Starred . The modern-day paladins of the Camel Club are back in their third exciting adventure (after 2006's *The Collectors*). Justice-seekers Milton, Caleb, Reuben and honorary member Alex Ford, a Secret Service agent, are led by feisty Oliver Stone, aka former CIA assassin John Carr. Their associate, Annabelle Conroy, is a slick con artist on the run after stealing \$40 million from lunatic casino owner Jerry Bagger, who killed her mother. Oliver's CIA past distracts him from Annabelle's cause: his old unit, Triple 6, was responsible for the death of Raymond Solomon, branded a traitor during the Cold War, and now Solomon's son, DHS security expert Harry Finn, is picking off Triple 6 members. Oliver could be next if Carter Gray, his former boss, reveals that John Carr isn't really dead. Gripping, chilling and full of surprises, Baldacci's latest reveals the anarchy that lurks under the slick facade of corrupted governments. (Nov.)
