Von C.J. Box : Stone Cold (Joe Pickett series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Stone Cold (Joe Pickett series):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Predictable but entertainingVon jsThe Pickett books are like a favorite pair of jeans. You know they fit and how they feel like. Decent story in a cooler climate, perfect to chill you in the upcoming summer. But don't read two books after one another, they are too much the same.2 von 3 Kunden fanden die folgende Rezension hilfreich. I'm disappointed

but others may enjoy it. Von Hörster Basically it would be two stars, but because there are some really good scenes I've ramped up by one. The general setting - the country wildlife scenario and the main character - is quite attracting, but everything else is very artificially devised and in total it lacks any thrill. Compare it with "Worth Dying For" - Lee Child - a story built around the same principles - and you see what I mean. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Glued... Von Zimmermann Jrg Josef To the plot. Ich konnte mein iPhone nicht aus der Hand legen. Mein Herzklopfen war ständig im Speedbereich. Nochmal Joe Pickett...

Kurzbeschreibung Everything about the man is a mystery... No one knows where he came from, how he made his money or what's drawn him to the isolated Black Hills of North Wyoming. His generosity has won the locals over, but are his motives above suspicion? After a string of disappearances, Joe Pickett isn't the first investigator to pursue this enigmatic millionaire, but will he be the first to leave alive? With winter's first storm closing in, Joe's about to discover there's a stone-cold killer stalking the hills and he's not alone. Pressestimmen 'Certain crime writers rely on the ingenuity of their plots to exert a grip upon the reader, and certainly C.J. Box is among their number. But he has another even more impressive skill: an acute grasp of characterisation which means that the protagonists of his novels virtually leap off the page' The Good Book Guide. 'His descriptions of Wyoming's stunning wilderness is equal to anything penned by the master of nature writing, James Lee Burke' Irish Independent. 'Heart-stoppingly good' Daily Mail. 'Solid-gold A-list must-read' Lee Child. 'I love Joe Pickett' Michael Connelly. Kurzbeschreibung Everything about the man is a mystery...
