Von Tad Williams : Stone of Farewell: Memory, Sorrow Thorn Book 2 (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Stone of Farewell: Memory, Sorrow Thorn Book 2 (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 1 Kunden fanden die folgende Rezension hilfreich. Bad quality - pages missing Von Bill The story is great but there are pages missing from several parts of the book which kind of ruins the reading experience 2 von 2 Kunden fanden die folgende Rezension hilfreich. Just keeps getting

better.... Von Ein Kunde The Stone of Farewell is the second book in the Memory, Sorrow and Thorn series. It is the story of Seoman Snowlock, formerly Simon Mooncalf the Kitchen Scullion and his friends Binabik the troll and Princess Miriamele. This is a great follow up to the Dragonbone Chair which if you haven't read, you need to read before reading this. In this, the second of the series, the forces of the rebel Josua Lackhand are beginning to organize. But the dark powers that have been ranging throughout the land will do anything to stop them. This is a great book that any fan of fantasy will thoroughly enjoy. Williams expands on already fleshed-out and memorable characters and introduces some more. No other series except maybe Lord of the Rings has such an epic feel to it. You really feel the enormity and difficulty of the task that is before the characters. Loaded with intrigue, battles, mystery, and romance this book and the rest of the series are a requirement of any fantasy fan. 4 von 4 Kunden fanden die folgende Rezension hilfreich. Great epic, just like I love them! Von Ein Kunde This is the second volume in the Memory, Sorrow and Thorn Tetralogy (starting with The Dragonbone Chair, ending with To Green Angel Tower: Siege and To Green Angel Tower: Storm). As the great Storm is building up in the North and a terrible winter is spreading all over Osten Ard, Simon and his friends escape from Yiqanuc and start their long and perilous journey down the mountain and across the frozen plains to the Stone of Farewell, where they have to meet Prince Josua's party of exiles and deliver the sword Thorn. In the meantime Princess Miriamele, accompanied by the enigmatic Brother Cadrach, travels southwards to seek help from her family, Maegwin and her folk hide in the Grianspog caves, where she discovers what seems like an ancient Sithi city, and King Elias and his advisor, the red priest and alchemist Pryrates, conspire with the evil Norns. A great epic, full of unexpected new turns as the plot unfolds, varied characters you get immediately attached to, and marvelously detailed descriptions, like those of the beautiful legendary cities of the Elf-like Sithi folk. Definitely a great read. Can't wait to read To Green Angel Tower.

Kurzbeschreibung Following a brutal civil war, Osten Ard has been crushed under the rule of the two villainous High Kings. A single hope remains: if the rebels can find the three swords of legend - Memory, Sorrow and Thorn - they might be able to bring the Storm King and evil King Elias down. Once but a humble kitchen-boy, Simon is now Simon Snowlock, dragonslayer and bearer of the mythical sword Thorn. But Simon is more alone than ever before: his friends have been imprisoned and his liege lord, Prince Josua, has been exiled. And the Storm King may also be in possession of one of the swords... A single chance remains: if Simon can deliver Thorn to Joshua and lead his followers to the Stone of Farewell, the rebels may be able to muster the forces necessary to rise up against Elias and the Storm King. But no one knows where the Stone of Farewell is. Or, indeed, what it is... In STONE OF FAREWELL, Tad Williams sets his characters against impossible odds - and proves that the beloved, internationally bestselling DRAGONBONE CHAIR was no fluke, but one of the greatest fantasy novels of all time. From Publishers Weekly In this panoramic, vigorous, often moving sequel to The Dragonbone Chair, the scattered allies opposing the pirate Elias, high king of Osten Ard, and Ineluki, the Storm King, struggle toward a meeting at the Stone of Farewell in the ancient, deserted city of Enki-e-Shao'saye. The boy Simon, the troll Binabek and their companions carry Thorn, one of three swords critical to the defeat of the forces of evil. After surviving many perils, Simon becomes the only mortal to enter Jao e-Tinukai'i, last refuge of the elven Sithi, seeking their support. A small band follows Prince Josua, leader of the resistance against his brother Elias; they are betrayed by the chieftain of the nomadic Thrithings-folk. As Elias consolidates his power with the aid of the Norns, the Storm King brings permanent winter to a stricken land. Williams adroitly weaves together the tales of these journeys, heralding a suitably epic and glorious conclusion. Copyright 1990 Reed Business Information, Inc. From Library Journal The advancing might of Ineluki the Storm King and his undead minions threatens to lock the world in eternal winter unless the tattered forces ranged against him can discover the secrets of the League of the Scroll and unite humans, Sithi elves, and Qanuc trolls. Continuing the story begun in The Dragonbone Chair (LJ 9/15/88), Williams fleshes out the familiar themes of epic fantasy with vivid, likable characters and exotic cultures. Recommended.
