Allison (dallison@biochem.med.ufl.edu)This children's book, based on an old French folk tale, is about three soldiers who try to convince a small village to provide them with some food. The villagers say they are too poor and can't. The soldiers then reply that they will make stone soup out of stones and water and are able to trick the villagers into having a village-wide feast. Yeats had a one-act play roughly based on this folk tale as well. The book was a 1948 Caldecott Honor book (i.e., a runner-up to the Medal winner) for best illustration in a book for children.1 von 1 Kunden fanden die folgende Rezension hilfreich. Stone SoupVon M. Kurzbeschreibung Three soldiers came marching down the road towards a French village. The peasants, seeing them coming, suddenly became very busy, for soldiers are often hungry. So all the food was hidden under mattresses or in barns. There followed a battle of wits, with the soldiers equal to the occasion. Stone soup? Why, of course, they could make a wonderful soup of stones...but, of course, one must add a carrot or two...some meat...so it went. Marcia Brown has made of this old tale a carnival of activity, dancing, and laughter. Children who have once heard the story will turn to this book again and again, retelling the story for themselves. Now in an eBook edition!
