Von Nick Wilgus : Stones in the Road (The Sugar Tree Series Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Stones in the Road (The Sugar Tree Series Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Such a wonderful book but not without...Von LenaRibka4,5 stars.I don't think I can write an objective review for this book.You know this statement?"Don't talk about religion and politics?" I could add also "...and about health insurance

in the United States."I didn't laugh as much as I did reading the first book. Because I was busy with following thoughts:- Why why why FGS so many people in one of the most powerful and prosperous countries in the world are still fighting against the statutory health insurance?![- Why why why special schools for hearing impaired children have such a bad reputation in USA?! Why is it better for a deaf kid to be in a normal school where nobody gives a s*** about a sign language than to learn in the surroundings of teachers who are professionally specified for it?- Why didn't Wiley use a pen name when he published Crack Baby?! Didn't he know how cruel children can be? I found it unfair and selfish toward Noah.*Yes, I know, all these are Stones in the Road. And it's a fiction work. And I should just stop to think too politically. And just start to accept that we have different life, different surroundings and different backgrounds. But it's not easy to ignore all these aspects. Honestly. This book is not a romance. It is a love story. An unconditional love story between a farther and his son."Do you know how much I love you?As big as the M-i-s-s-i-s-s-i-p-p-i?Bigger!As big as the ocean?Bigger!As big as the sky?As big as the biggest thing in the world.What's that?G-e-o-r-g-e B-u-s-h-'s stupidity.Who is that?Never mind. I love you so, so much. Do you believe me?" (Quote)This book is in the first place about a very deep inner connection between Wiley and Noah.And much more.Noah..this little man captured my heart.If you read Shaking the Sugar Tree, you won't miss this one. If you didn't...you just have to.0 von 0 Kunden fanden die folgende Rezension hilfreich. I'm speechlessVon CustomerThis Story was touching and funny and hilarious and it was really inspiring... Also a bit spiritual... It makes You think about life and I loved this character how he was Such a good dad and sacrificing his life dir his kid but it was nice to see that he had his own insecurities and fears and he wants to Run away too... And although it's Sounds so clichée it was love thst brought him back... And also I wanted to kill his fiance for being so stupid but then it thought us about forgiveness and I found it really really great this book and I hope to read more like this Kind of Story.

KurzbeschreibungSequel to Shaking the Sugar Tree When his snobbish future in-laws travel all the way from Boston to visit, wise-cracking Southerner Wiley Cantrell learns that gay marriage is not without its disadvantages. Occupied by concerns over the health of his special needs son Noah, a meth baby who was not expected to live and who is now on the cusp of puberty, the antics of Wiley's outrageous would-be mother-in-law and severely conservative father-in-law strain his relationship with Jackson Ledbetter, a pediatric nurse who poses problems of his own. As their respective families meet and greet, each just as meddling and inflexible as the other, North meets South and the fireworks and cultural misunderstandings are plenty.A tornado blows through the small Mississippi town where Wiley's mother lives, wrecking his mother's house and leaving their lives in disarray. Then Jackson's secret drug addiction comes to light, and Wiley and Noah are devastated. With so many stones in the road, Wiley and Jackson find their dream of becoming a real family falling apart. Though Wiley relies on humor to cope, he'll need something more to keep his happily ever after from slipping away.KurzbeschreibungSequel to Shaking the Sugar Tree When his snobbish future in-laws travel all the way from Boston to visit, wise-cracking Southerner Wiley Cantrell learns that gay marriage is not without its disadvantages.
