Im speechlessVon Sanja FischerMy friends were pretty surprised when they saw I was reading a book completely written in english, but I had to read it and i wasnt disappointed, at all. Its a great artwork from a great person, i read it literally

in one day. Normally i need months to finish a book, it was a really really good book. Many topics, many feelings, I am speechless, for real. A huge compliment to the author, Greg.5 von 8 Kunden fanden die folgende Rezension hilfreich. Amazing! Von Amy Cooper This was a wonderful story. I appreciated every single chapter and i do believe it's worth it's price. Interesting characters, a fascinating story and some unexpected twists... (Yes, I read the whole book by now...) To all the haters: Don't judge a book/story by its cover or first chapter! 9 von 16 Kunden fanden die folgende Rezension hilfreich. Really bad Von Theks Even though the story itself could have a lot of potential, the author's absolute lack of even the most basic understanding of how literature or story writing works, makes this book almost unreadable for long stretches throughout the story. What makes it especially hard to read are the numerous grammar, spelling and punctuation errors, which are not even worthy of a first draft. Whoever proofread or edited this book must not take their work or the English language seriously at all. The story itself does not have any interesting characters or realistic descriptions of human behavior. From the first to the last page nothing really changes for them, even though they have to go through a lot of terrible things. This is definitely the worst, most underdeveloped and least well written piece of "literature" I have ever read and I just hope next time the author takes his time to actually think his plot and characters through and to actually do a little proofreading.

Kurzbeschreibung I want to be direct, my name is Greg. I go by Onision online. This book is made up of events that occurred in my own life mixed with fiction from the made up life of James. James is essentially a better version of myself. His home, his school his life all resemble my own at his age. The people James analyzes and is surrounded by are not so unlike those Ive known as well. I have experienced much of the loss James has however his happier moments are more often than not also mine. I want to share my story without it being purely non-fiction. I simply felt this approach would make for a far better book. At points I cried while writing this, at others I laughed. Stones To Abbigale is not just a book I wrote, it is a piece of who I am. Kurzbeschreibung I want to be direct, my name is Greg. I go by Onision online. To be blunt, Stones to Abbigale is the first book I've ever written. I haven't even read a book cover to cover in about 14 years aside from Stones To Abbigale. The above information might be enough to make most readers run, but it's the truth. Regardless, I wrote Stones to Abbigale from the heart. One of the best ways to better understand who I am is to read the book. Learning about James means learning about me. I don't want to sell this book, I want Stones To Abbigale to sell itself, so if you're not interested, I hope you find a book you want to read elsewhere soon. Thank you for taking the time to read this.
