WowVon Fuchs JoanWas ich wirklich mag bei den Bchern dieser Autorin ist, dass sie an einem, maximal 2 Tagen spielen, so ist wirklich immer etwas los, es geht Schlag auf Schlag. Das ist hier nicht anders, ein Ereignis jagt das Andere und der Schluss bietet einen tollen Cliffhanger. Hier geht es um eine komplexe Verwebung verschiedener Levels, Mord, Erpressung, akademische Politik, Eifersucht und Liebeleien, und alles wird von der hochschwangeren Meg zusammengehalten, die sich eigentlich stndig ausruhen will, aber nie dazu kommt. Ich habe das Buch sehr gerne gelesen und erwarte das Nchste schon mit grosser Spannung!2 von 2 Kunden fanden die folgende Rezension hilfreich.
Neither fish nor fowlVon KatrinhaYes, I do like the books. Otherwise I wouldn't have read all of them. But I just love crime stories. And to my opinion Ms Andrews should make a decision. Either write suspense or family novels. With every book the crime part takes a further step into the background. By now it merely supports all that is going on in the Langslow family. I would wish for the crime to happen in the first or second chapter and take a main role again and the family stories to be the background, giving you reason to chuckle.1 von 1 Kunden fanden die folgende Rezension hilfreich.
Stork Raving MadVon Christiane von LewinskiI love series but usually after a couple of books, the author tends to repeat the story. Donna Andrews manages to develop Meg and Michael and the bunch of crazy relatives and there is not one single page which is boring. Action fun all over the story, it is impossible to stop once you started reading. Can't wait to get the next adventure of Meg, especially once she has two kids in tow - which will Donna Andrews give plenty of new ideas ... Five stars!

KurzbeschreibungMeg's expecting twins---any minute!---in this next hilarious entry in the award-winning, New York Times bestselling series!Meg is eight and a half months pregnant with twins when Michael asks if she wouldn't mind another houseguest. One of his doctoral students is directing his new translation of a play by a minor Spanish playwright, and the playwright has agreed to come to town for the production.Senor Mendoza turns out to be a drinker, a smoker, and an inveterate partygoer. Before long, Meg's kitchen is filled with the smells of Spanish food and the voices of all the wilder souls in both the drama and Spanish departments. Into this chaos arrive two prune-faced administrators, the dean of the English department and a man from the college president's office, who say that the play must be canceled. When the dean is found murdered, Meg's house becomes a crime scene, and the only way to restore peace is to help Chief Burke solve the murders---while rescuing the student's dissertation and Michael's tenure---all before dashing off to the hospital to give birth to her twins!The one and only Donna Andrews continues to surprise and delight in this next knee-slapping adventure featuring Meg Langslow and all the eccentric characters that make up her world.PressestimmenPRAISE FOR DONNA ANDREWS AND HER MEG LANGSLOW MYSTERIESSWAN FOR THE MONEYAs usual in this hilarious series a good time is guaranteed for everyone except Meg."SIX GEESE A-SLAYINGCOCKATIELS AT SEVENTHE PENGUIN WHO KNEW TOO MUCH As usual in this hilarious series a good time is guaranteed for everyone except Meg.
