Von Dinah McCall : Storm Warning before purchasing it in order to gage whether or not it would be worth my time, and all praised Storm Warning:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Too much of coincidence and bravery but too little of practical seamanshipVon K.Michael MarquardtThe year is 1943 or

1944. The story is moving though not convincing. e.g. The Kriegsmarien would never dispatch a squadron commander designated admiral on a suicide mission. A leaking sailing vessel leaving Brazil would try for Portugal but never attempt to sail around Scotland to reach Germany. The toiling with the rigging of the vessel is pure fiction. Too much emphasis is put on the Iron or knights cross. The award was important not the piece of sheet iron. Lastly as the Uboat Ace is supposed to escape from the Scottish West coast in a gasoline motor driven boat how far will he get with a full tank? 0 von 0 Kunden fanden die folgende Rezension hilfreich. Klasse Von Jan GEins der besseren von ihm Wurde das verfilmt? Ich glaube nicht, schade! Sollte mal jemand in Angriff nehmen! Sehr interessant! @0 von 7 Kunden fanden die folgende Rezension hilfreich. A fast-fisted fun read. Von Ein Kunde this book has it all. great start and wow!, what an ending. Higgins is the master.

Kurzbeschreibung The phone rings. She picks up, but no one is there. She hears music and the sound of thunder. She hangs up in a trance. Minutes later, she is dead. Ginny Shapiro stares at the photograph of seven smiling schoolgirls from the exclusive Montgomery Academy. Six of them are dead. She is the only one still alive. The phone rings. Ginny gets in her car and speeds away. Anywhere. Fast. FBI agent Sullivan Dean has the photo, too as well as information that came too late to save the others. Tracking Ginny down to an isolated cabin in Mississippi, he's hell-bent on stopping her from becoming the final victim. What happened to those girls twenty years ago? The answer is locked deep in Ginny's memory; the key is somewhere in the dangerous world of mind control, where a sound, a word, a voice, can trigger death. For Ginny and Sully, the world is closing in and passion between them is exploding. But time is running out, and death is within arm's reach every time the phone rings.
