Von Iris Johansen : Storm Winds (Wind Dancer) before purchasing it in order to gage whether or not it would be worth my time, and all praised Storm Winds (Wind Dancer):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. A world

of its own--unforgettable, incredibly written Von Ein Kunde If you chance to be considering this book, get it and read it. I shan't dictate the choice of books, but this has me enthralled. The trilogy has me spellbound. This was the first I read of the Wind Dancer series despite its not being the first in sequence, but Juliette and Jean-Marc will live on in my mind even when I forget who they are. They are shown so elementally and at such a level that it's hard not to identify aspects with them. There are shocking parts of 'Storm Winds' and it may be a little too intense for younger readers, but it has a poignant flavour and has such a unique plot, so well entwined, that one cannot help but admire it. It could be mistaken for simplistic writing but it's not for light reading at all. Catherine, especially, is one character besides the vibrant Juliette that I shall keep dear to my heart. A woman who has experienced what she does may be able to empathise. The Wind Dancer itself is a symbol of Catherine, I think, more than anything else; it has an unparalleled immortality, legendary and powerful, able to capture the fascination of sensitive beholders, and yet in this story we may all read the price one pays for the existence of something with such earth-shaking value. Anyone who reads this series should, I believe, be able to extract something deep and rich to chew on, and can fall in love with reading such a well written book. Congratulations, Johanssen. 0 von 0 Kunden fanden die folgende Rezension hilfreich. This is the best book I have ever read. Von Ein Kunde Iris Johansen has always been my favorite author, but this book drew me in more than any of her other novels. I own most of her books, and the Wind Dancer series are my favorite of all of them. Juliette and Jean-Marc's relationship was fantastic. Their love and fascination with each other started when Juliette was very young. The interest grew into an intense lust and passion when Juliette began to grow older, and eventually turned cynical Jean-Marc into a loving man. Reading the other reviews, I realize that some people were more liking of the love that Catherine and Francois shared, but I was much more drawn by Juliette and Jean-Marc's relationship. I do think that some of the scenes described were a bit violent, but I think that just shows how strong Juliette's character was to survive it. It added a dimension to the book that most other romance novels don't have. Iris's knowledge and use of history was wonderful, and this book was one of the best written that I have ever before read. The characters are moving, strong, well defined, and all different with their own obstacles that they have to rid themselves of before they can feel the true love that will make them happy in the end. I recommend this book to anyone who can possibly get ahold of a copy! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Reality Bites....and Sweetens Von Shak This book has truly opened my eyes to the suffering that the ppl of yesteryear faced. now it doesnt seem so glam anymore. to me the romance between juliet and jean marc was the pulling fator for me. in fact i totally didnt notice catherine's love life. of course i pitied her but then.....she wasnt as strong or as endearing as Juliet was. i really really fell in love with juliet and jean marc....they were just perfect. what jean marc gave to juliet towards the end of the book was also i think something i had not seen in other romance books. it wasnt my first iris johansen book and i just think she gets better and better. juliet is my heroine..she never loses her strenght even when her adversaries r too huge for her. jean marc is the perfect jaded hero who learns to trust dear juliet. definitely one of me top books three cheers to Iris Johansen

Kurzbeschreibung A twisted psychopath...a trail of violence...and a man and woman who will risk everything to stop him...Jean Marc Andreas wanted what was his by right. He was seeking justice and he would use any means to get it. Juliette de Clement, a confidante of the royal family, could aid his search for the priceless treasure so many had killed to possess...and died to protect. But in eighteenth-century revolutionary France, a world of power and intrigue, soldiers and assassins, royalty and rebels, death could come in many forms and from any direction, and none more lethal or more likely than from the person you trusted most. Still, Jean and Juliette had no choice but to trust each other, because their very lives depended on it. Someone else was determined to have the Wind Dancer statue and the legacy of power it bestowed. Someone whose twisted genius for evil was already wreaking a path of unspeakable violence that only together they could stop...even as they stood to be its next victims. From the Paperback edition. Pressestimmen Praise for Iris Johansen's novels Iris Johansen keeps the reader intrigued with complex characters and plenty of plot twists. Moves so fast, you'll be reading the epilogue before you notice.--People Johansen's thrillers ooze enough testosterone to suggest she also descends from the house of Robert Ludlum. Johansen pushes the gender boundary in popular fiction, offering up that rarity: a woman's novel for men. --Publishers Weekly Kurzbeschreibung A twisted psychopath...a trail of violence...and a man and woman who will risk everything to stop him...Jean Marc Andreas wanted what was his by right.
