mir sofort Band 2 zugelegt. Den kompletten zweiten Teil kann man allerdings getrost in einem Wort zusammenfassen: Lckenfiller. Von Teil 3 hatte ich mir dann wieder mehr erhofft: ein einfallsreiches Finale! Fehlanzeige, auch nicht besser. Als ich mich dem Ende nherte war mir schon egal, wie es ausgeht...Ich empfehle jedem, nur den 1. Teil zu lesen und danach den Inhalt von Teil 2 und 3 im Internet nachzulesen, falls noch Interesse besteht.0 von 0 Kunden fanden die folgende Rezension hilfreich. Amazing seriesVon JulesI bought book one on accident, and the rest is history. I badly waited for book three to come out in Paperback so I could add it to my collection. I definitely hope we'll see more of that series. So worth it.

KurzbeschreibungSometimes, to see the eyes of your greatest enemy, you need to look into a mirror.In this final chapter of Mitch and Eden's story, everyone will be tested. Morality and honor weighed against getting the job done. But desperation can make people do things they never thought theyd be capable of. And returning from hell is a pretty damn big wake-up call, especially once Mitch realizes that the woman he loves has been in a different kind of helland she cant get out of it.\*\*\* STRANGE CASE is the conclusion of Mitch and Edens story and may prove confusing to those who havent read the first two books. This novel is intended for adults. It includes lots of cursing, biting sarcasm, descriptive sex, and some seriously bad team morale.Other books in this trilogy:Hyde, an Urban Fantasy (Book I)Jekyll, an Urban Fantasy (Book II)Dear reader,Although Strange Case marks the end of this trilogy, it isn't the end of the Hyde world. Thank you for your support and for taking a risk on a series that can be crude and cruel but is, at its core, a love story.KurzbeschreibungSometimes, to see the eyes of your greatest enemy, you need to look into a mirror.In this final chapter of Mitch and Eden's story, everyone will be tested. She grew up reading Stephen King, Ray Bradbury, Piers Anthony, and Agatha Christie, and spent far too much time studying Shakespeare in college. But her writing took a turn to the more tortuously romantic side because of the influence of a few hardcore women like JR Ward, Karen Marie Moning, Nalini Singh, Charlaine Harris, and Janet Evanovich. Since she reads almost every genre, naturally, her writing reflects that. With every book, every story, you'll find elements of other genres--fantasy, mystery, romance, paranormal, suspense, YA, women's literature, all with a touch of humor because what doesn't kill us should make us laugh.
