A superbly written romance.Von Midwest Book ReviewAmalia Grant had read every Hawaiian guidebook she could find and was soon awed by her trip to the Big Island's rich tapestry of color and texture, its warm and sensuous landscape of shimmering black sand beaches, hidden waterfalls, lush valleys, dripping rainforests, and steaming volcanoes. But nothing could prepare her for a moonlit meeting on Kilauea's lava fields and the way her body and soul would react to a stranger's fiery touch. Strangers In The Night is a superbly written romance of two women

encountering each other against a backdrop of South Pacific grandeur.0 von 0 Kunden fanden die folgende Rezension hilfreich. Strangers in the NightVon Vivian KasperThis is sure fire winner. Amalia Grant, recovering from serious injuries received in an automobile accident in which her lover is killed, buys a one way ticket to Hawaii to start life anew. She meets Paige Parker who is in Hawaii looking into the university's graduate program. The two meet and love begins for both. Romance novels is a new genre for Barbara Johnson and she does an excellent job. Don't miss this one!0 von 0 Kunden fanden die folgende Rezension hilfreich. A NICE READ!Von Ein KundeI was drawn in,really liked it. I do wish the process by which Paige goes from "woman hopping" butch to being in love with Amalia was more developed. It seems like she just woke up and decided she was in love. Would have loved less focus on the environment/scenery and more on the characters' developing relationship, AND MORE EXPLICIT LOVE SCENES.
