folgende Rezension hilfreich. Well done Von Michael Raab One of the better authors after scarrow. Easy and fun to read, most entertaining. Cant wait to read the one. 0 von 1 Kunden fanden die folgende Rezension hilfreich. a good historical novel Von Martin Hiller To bloody maybe, but certainly thrilling and with good historical detail, and with clear, well sketched personalities. A good read!

Kurzbeschreibung When the falcon has flown, the mountain lion will charge from the east, and all Byzantium will quake. Only one man can save the empire . . . the Haga! 1046 AD. The Byzantine Empire teeters on full-blown war with the Seljuk Sultanate. In the borderlands of Eastern Anatolia, a land riven with bloodshed and doubt, young Apion's life is shattered in one swift and brutal Seljuk night raid. Only the benevolence of Mansur, a Seljuk farmer, offers him a second chance of happiness. Yet a hunger for revenge burns in Apion's soul, and he is drawn down a dark path that leads him right into the heart of a conflict that will echo through the ages. My love of history was piqued during spells living and working close to both Hadrian's Wall and the Antonine Wall, sites of rich history winding back through thousands of years. The later Roman Empire and Byzantium hold a particular fascination for me. My Legionary series is set in the Eastern Roman Empire circa 376 AD and follows the adventures of the border legions as the empire begins to waver under the relentless crush of barbarians from the east and the north. My Strategos trilogy is set around the build up to the Battle of Manzikert in 1071 AD and follows the dark and troubled life of a Byzantine general in a land riven with bloodshed and doubt. All of my novels are available from good online stores in paperback and eBook format. Happy reading! www.gordondoherty.co.uk
