Realistic and Intense Erotica Von Big Apple This has to be the BEST series of hot erotica books I ever read! Way better than anything mainstream you'd get at the bookshop. The character and scene depiction is so vivid and real and the action so deep and intense you get horny reading it just like you're really there doing it yourself!

Kurzbeschreibung Maria gave a short gasp of disbelief she was literally bottomless at the park. She kept her knees together but was painfully aware of her bare thighs. If anyone saw they'd know she had nothing on. She looked down to check if her pubic hair was showing desperate to somehow maintain an illusion of not being bottomless. [...] "Oh please..." Maria giggled, losing her nerve, looking around as she saw people strolling in every direction, "I can't... There are people..." [...] "First, I want you to stand up and pose for this audience. Look. More people are coming this way let them see all of you. Then we'll take a naked walk around the park." "Oh God." Maria drawled, smiling and blushing, the thought of this dare thrilled her, her stomach flashed with lightening bolts of adrenaline and thousands of butterflies flew wildly. Her heart was racing and skipping beats. Her hands were trembling and sweating her entire body was tingling with static [...] "Oh God please not the frame!" Maria begged and whimpered "Please not yet at least! Let's do something else first!" "Did you hear that?" The god smiled to the crowd "She wants to do other dares first. Any suggestions?" "Jog from here to the fountain and back!" One man shouted. "Do cartwheels and handstands!" Another shouted. "Crawl on all fours along the grass!" Someone else shouted. "Yeah! Then she has to lay back and spread her legs and finger herself but not cum!" Another girl shouted. More girls squealed to that suggestion. Maria could only look on in shock. The girls suggested that? How evil! Surely they knew that'd be the most embarrassing and not allowed to cum? That's worse than the shame of having to cum!!! [...] "Come on, the sooner you do your gymnastics the sooner you can get away from being surrounded naked by all these people." He smiled, there was a wicked tone to his cajoling voice. Her clitoris was in agony, her nipples tingled terribly her entire body flowed with orgasmic waves. [...]
