the series! Von Big Apple! absolutely love this author and I'm hooked on the series! It really is so hot and vivid and way more intense than 50 Shades. I read Sylvia Day and she's dull in comparison to this. Cossa is trite and visual, you really 'feel' what the billionaire god and his girl are feeling - and it's way stronger than commercial romance. Basically a billionaire alpha male, The Stranger, teases her naked in public and during her exhibitionist climax learns a lot about herself and the world and they go off 'happily ever after'. The best ever. A serious turn on.

Kurzbeschreibung "Do you mind if I sit here?" He asked, politely, but with authority the decision was already made. By him. Even if she did not want him there and how could she not it was his decision. Thank God. Linsay lifted her bag "Of course!" she yelped, giggled, God don't sound so silly, so nervous. And put her bag on her lap. On second thoughts, she put it down by her left ankle to let him see her bare legs. She subtly rode her skirt halfway up he looked down then gave the most subtle smile. The bus journey would take some 45 minutes. With this god. She would savour it. She would tease him, with her skirt, her legs, her cleavage, lean over and talk to him so he could see down her bra. She liked doing that to men.[...]He began unbuttoning the rest of her blouse. The third button, the fourth button, the fifth. Linsay let a little soft yelp, as he kept kissing, her eyes widened and looked into his. His gaze was dark, intense, wild, powerful, cosmic...What would you do if a perfect stranger started to undress you in public? A billionaire stranger. A stranger with good looks equal to that of the hottest movie stars. A fit stranger - obviously capable of love without exhaustion. What would you do??? Stop him? Try to stop yourself? Or merely give in to your own weakness - your desire for the most thrilling, perfect and intense encounter with the most handsome god you ever saw? This series has our Billionaire god hero compels women to submit to their own weaknesses in the most exhilarating circumstances. Let these stories entice you with ideas for liberating your own lifestyle... What would you do?
