Von Zeec Lugo : Strongheart's Woman: Book 1 of Daniel's Fork series (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Strongheart's Woman: Book 1 of Daniel's Fork series (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. I LOVE THIS STORYVon Pamela FoleyI was introduced to the lovely, spicy, witchy woman, Setiyah, in the first novel of this

wonderful world, Daniel's Fork. In that tale, she was an older woman and the widow of Lord Victor Strongheart. This book tells the story of a younger Setiyah and Lord Victor, how they met and the obstacles they each overcame to realize their true love. I love Setiyah's character. She's head-strong, independent, saucy and loyal to her core. But she can also be soft and vulnerable. By the established Accords, the only way Victor Strongheart can become the Lord of Daniel's Fork, he must wed the Choctaw Chieftain's daughter, Princess Annasai. Yes, she's everything a hot-blooded man could want, beautiful, sexy and passionate. But, she's also willful, spoiled and selfish. She has a hard time relating to the needs of her people and their misfortunes. As Victor becomes closer with Annasai, he realizes she's not the one that has claimed his heart and the best woman to serve the people of Daniel's Fork. I really love the concept of Daniel's Fork, and could see myself living in this type of world. I hate our modern existence and what we, as humans, have lost to the God of progress and technology. I also think that Zeece Lugo outdid herself with this book. It's more alive with drama and emotions than the first one. The story is gripping and fast-paced, and I couldn't wait to get to the conclusion. The story is well-written and the characters each have their own voice. I loved this story and can't wait to read more from this extremely, talented author. I highly recommend this tale and give it my 5 feathers. Good job.

Kurzbeschreibung A tale of romance and adventure set against the background of a world reborn. Victor Strongheart is content to be marrying the beautiful and seductive Annasai, a union required by the accord between their people. Until he meets her cousin, the healer Setiyah! The heart is a treacherous thing that always wants what it can not have. Kurzbeschreibung A tale of romance and adventure set against the background of a world reborn. She spent seven years in the U.S. Air force, taught for many years in Miami, and even spent a year working for the IRS. Her early love was reading. The worlds of Pern, Middle-earth, St. Mary Mead, and Shrewsbury Abbey had an incredible influence and hold on her imagination. She wrote her first novel, Daniels Fork, in two months, spending long hours at her task. During that time, she ensconced herself in her bedroom with her computer, barely coming out to grab a cup of coffee or a snack. One day, her nearest neighbor came desperately knocking at her bedroom window, afraid that Zeec might be dead; no one had seen her for days! Daniels Fork was meant to be the first book in a romantic trilogy. Little did Zeec know that stories have a way of going where they want to go. Daniels Fork turned out to be a journey to the future past! It is a sexy mystery set in the future, giving birth to a fictional universe: the Daniels Fork universe.
