Von Cheryl Harper : Stuck On You (Rock'n'Rolla Hotel Series) before purchasing it in order to gage whether or

not it would be worth my time, and all praised Stuck On You (Rock'n'Rolla Hotel Series):

KurzbeschreibungTake a chance on love in the limelight with Cheryl Harper's fun and flirty new series set in the wacky Elvis-themed Rock'n'Rolla Hotel. Big shot producer KT Masters never apologizes. Especially not to showgirl waitresses. But when he tears Laura Charles's feathered costume and she gives him a piece of her mind, it sets him aflame. In fact, between Laura's feisty temper and how damn good she looks in that little number, KT wouldn't mind seeing a lot more of that costume . . . balled up next to his bed, that is.Despite KT's arrogant attitude, Laura can't help but be drawn to him. And when he offers her the fling of a lifetimea week spent in his gorgeous celebrity armshe's willing to play along . . . just so long as her heart stays out of it.But as things heat up between them, going back to the way things were isn't so easy. Could their passion be the real thing . . . or just a vacation from reality?PressestimmenHer story flows with a mingling of sex, nostalgia, humor and excitement.
