Von David Simpson : Sub-Human (Book 1) (Post-Human Series) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sub-Human (Book 1) (Post-Human Series) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Tolles BuchVon CustomerGroartiges Science-Fiction Buch ber Starke KI und Post-Humans durch Nanobots und einen Fusionsgenerator im Krper. Sehr dicht geschrieben, sodass es zu keiner Zeit langweilig wird. Deshalb ist das Buch

aber auch recht kurz. Das Ende kommt aber ein wenig zu abrupt und zu einfach. Zum Glück gibt es noch mehr Bücher in dieser Reihe

Kurzbeschreibung Before he was Old-timer, he was Craig Emilson, a young doctor, sucked into military service at the outbreak of World War III. Enlisting to become a Special Forces suborbital paratrooper, Craig is selected to take part the most important mission in American military history a sortie into enemy territory to eliminate the worlds first strong Artificial Intelligence. The mission is only the beginning of Craigs story, and for the story of humanity as well, as they accelerate towards a world that is post-human. Kurzbeschreibung Before he was Old-timer, he was Craig Emilson, a young doctor, sucked into military service at the outbreak of World War III. Enlisting to become a Special Forces suborbital paratrooper, Craig is selected to take part the most important mission in American military history a sortie into enemy territory to eliminate the worlds first strong Artificial Intelligence. The mission is only the beginning of Craigs story, and for the story of humanity as well, as they accelerate towards a world that is post-human. ber den Autor und weitere Mitwirkende, just like the University of Toronto's Academic Bridging program, gave me the opportunity I needed to prove myself. Because of them, a runaway who had to sleep in a shopping cart at sixteen, a high-school dropout with seemingly no prospects, went on to live in the best city in the world, meet the best woman in the world and marry her, attain two degrees from one of the top forty universities in the world, before achieving his dream of being a full-time author and having one of the best-selling science fiction series in the world.
