Von Sage Marlowe : Sub-Mission (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sub-Mission (English Edition):

Sub-MissionVon JazzySub-Mission-der Titel knnte flschlicherweise dazu verleiten zu denken, es handle sich um eine typische BDSM-M/M-Love/Erotic-Story.Ja, es gibt eine BDSM-Szene, ganz am Anfang, die aber eher einen negativen Blick in die BDSM-Szene gibt. Ein Sub (Noah)der gar keiner ist, unterwirft sich zwar aus freien Willen, aber nicht weil er es will. Und der DOM (Robert)der mMn des "Titels" nicht wrdig ist, ist der Strippenzieher.Die

Geschichte geht um zwei Männer (Pierce und Noah), die sich zufällig wieder auf dem Weg laufen. Was als ein One-Night-Stand anfängt entwickelt sich über "Friends with Benefits" zur einer Love-Story. Noah hat aber ziemlich viel Ballast aus der Vergangenheit mitzutragen, der ihn stark in der Gegenwart beeinflusst. Beide versuchen auf ihre Art und Weise damit klar zu kommen, zunächst nicht gerade erfolgreich. Es ist eine intensive Geschichte, Liebe, Verzweiflung, Schmerz, Glück. Zwar hilft ein (anderer) Dom Noah's schlimme Erlebnisse aus seiner Vergangenheit zu verarbeiten, es gibt aber keine beschriebenen BDSM-Szenen, sondern nur Hinweise, dass es welche gab. Es ist eine Love-Story zwischen zwei Männern, die ihren Weg zu einer Beziehung sich hart erkämpfen müssen, gegen die Vergangenheit ankämpfen müssen und letztendlich glücklich sind. BDSM hat keinen nennenswerten Bezug, ausser im ersten Kapitel und es ist ein Beispiel wie es auf keinen Fall laufen sollte. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Two men, no chemistry, but a proposal in the end. Von Querleser Noah is a control freak, but he has his reasons to let Robert - an idiot Dom - not only beat and humiliate but also rape him. Pierce is one of the guys Robert allows to f*** Noah. A few months later Noah and Pierce meet again and fall in bed. They become friends with benefits, even though Pierce claims to fall in love. Unfortunately, for the reader it is just one sex scene after another. No chemistry at all, but good sex. The "relationship" they begin is - no wonder - more than rocky and after four months they break up. Noah's problems - not only sexually after Robert abused him, but also from his abusing father - don't allow him to trust. And here it gets even more annoying. Francis, Pierce's brother and owner of a BDSM club, tells Pierce that Noah's problems "probably can't be solved by a shrink", because Noah needs someone "to get him, even make him" submit. As Francis has a major in psychology, he is the best to help Noah and becomes his Dom - not sexually, mind you, he is just going to fix him for his brother. Well, not surprisingly, six months later Francis deems Noah "fixed enough" and calls Pierce, so that the two of them can talk and make up. Of course they love each other and after a week they get their HEA when Noah asked Pierce to marry him. The characters just aren't understandable at all, not even lovable (except maybe Phoebe). Their dialogues are ridiculous in the beginning and unrealistic in the end. This is not the first story where a traumatic event in the past should be "fixed" by submitting to a Dom, but I just don't understand why rape and abuse are reasons to get a Dom - why is it bad to get professional help from a shrink? The developing relationship between Noah and Pierce doesn't develop at all, they have sex, plain and simple. In the end they have sex and confess their love - over and over again. Well, if they say it, it must be love. ;-) It is just too much drama and no talking or getting to know each other. And instead of falling in bed (which is NOT the same as falling in love!), a bit of romance would have been nice, considering they want to marry in the end. So no, definitely not my idea of a good book, sorry. 0 von 0 Kunden fanden die folgende Rezension hilfreich. BDSM nur ganz am Rande. Von Bones Ich hätte gern mehr Sterne gegeben, aber als BDSM-romance-Liebhaber hat mir der Mittelteil der Geschichte nicht so gut gefallen. Also wer auf monogame Liebe von Anfang bis Ende hofft, wird enttäuscht werden. Zum BDSM-Anteil: es gibt ganz am Anfang eine Szene in einem entsprechenden Club, als Pierce Noah als neuen Sub eines flüchtig bekannten Doms kennenlernt. Er ist mächtig interessiert, aber nicht Teil der Szene, und nach kurzem Austausch ist auch alles schnell vorbei. Nach Monaten treffen sich beide zufällig bei einem Spaziergang, und sie beginnen zögerlich ein langsames Annähern. Nur zu allem Erstaunen sind beide Tops und vor allem Noah erweist sich als Kontroll-freak. Wie es dazu kam, dass Noah wochenlang einen Sub spielte und welche weiteren Hindernisse es zu überwinden gibt muss jeder selber lesen. Bis auf den Mittelteil eigentlich ganz spannend geschrieben, mit Noah als Charakter habe ich mich ein bisschen schwergetan, es gab soviel Drama in seinem Leben. Kein klassischer BDSM-Roman.

Kurzbeschreibung How far would you go to save the one you love? Pierce Hollister is a down-to-earth businessman. Most of the time. His romantic side has him secretly dreaming of Mr Right, a family and a happy ever after. Noah Conway is a single father who doesn't believe in happy families any more. When his daughter's life is at stake, he would sell his soul to save her but as a sadistic Dom takes an interest in him, he sells his body instead. A shared session at a BDSM club leaves Pierce intrigued and soon he finds himself willing to do anything in his power to heal the wounds that life has left on Noah's soul. When he realises that the very thing Noah dreads the most might just be what he needs, Pierce sets out on a mission but maybe it's just not in his power to save Noah. Will Noah be able to battle the demons that haunt him and find the happy ever after Pierce has dreamed up for them? Reader advisory: This edition is a revised re-release. Contains a scene of dubious consent and references to violence in one MC's past. Word count: 53,000 words / approximately 210 pages. Kurzbeschreibung How far would you go to save the one you love?
