UnbelievabeVon MelWow wow wow...this book is unbelievable just like all the other i did read all of Melody Anne's Romances there are so lovely i got hooked with the first free book The Billionaire Wins the Game is the first book in The Billionaire Bachelors Series after i finished this book i had to have all the others and really every free minute i got

i would read even if i had to stay up all night. Rafe and Ari have such a bizarre "relationship" i got so mesmerized with them i couldn't but down the first book and then all the waiting for the second book i stayed up till midnight just to start reading and i was not disappointed. melody again did an extraordinary job here the only flaw i see is that we have to wait till september for the story of the Palazzo's to continue and to see who will surrender the men or the women or maybe all will be seduced at the end ;o) Melody keep it up you rock...0 von 1 Kunden fanden die folgende Rezension hilfreich. Kurzbeschreibung Arianna Harlow has a choice. Does she choose love or self-respect? Will she give up her freedom and become nothing but a shadow of herself? This is the exciting sequel to the NYT's and USA Today best-selling book Surrender. In Submit, Ari faces an impossible ultimatum. She needs to decide whether to accept Raffaello Palazzos indecent proposal and stay at his side as his bought mistress, under his complete control in his world and in his bedroom. Rafe holds the keys to her mother's happiness, and Ari must choose love for her mother or respect for herself and for the morals her mother instilled in her. You'll find out that decision in this book and discover the unexpected repercussions of what Ari does choose. In Surrender, we were also introduced to the dynamic story of Shane Grayson and Lia Palazzo. See where their story leads as the Surrender Series continues. Watch as two strong, confident women make choices that will affect their lives forever. Who will submit? Will it be the women or the men? Kurzbeschreibung Arianna Harlow has a choice.
