**Von Richelle Mead : Succubus On Top (Georgina Kincaid)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Succubus On Top (Georgina Kincaid):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. Second in series and great funVon Helen HancoxThis book, apparently entitled either 'Succubus On Top' or 'Succubus Nights',

is the follow-up to 'Succubus Blues' but a very enjoyable book in its own right, even if you haven't read the first in the series (as I haven't). Georgina Kincaid works in a bookstore, hangs out with her friends and enjoys spending time with her boyfriend, famous author Seth Mortensen. But Georgina's not exactly what she seems. She's actually a succubus, her job is to seduce men and steal the life force from them so that she can continue to live. Seth knows exactly what she is but her job has an unfortunate side effect - she and Seth can barely touch safely and so their relationship is platonic, rather than physical. At the same time she has to continue her normal job, trying not to feel too bad for Seth and trying to shield him from some of her activities. Georgina's a really fun character, despite her job. She clearly cares for Seth and for some of her other friends. In this story her colleague at the bookstore, Doug, starts to act oddly. When Georgina sees his band in action and discovers they are all hugely talented musically she comes across an unknown immortal and begins to wonder if there's something supernatural going on with regard to the success of Doug's band. Her life gets more complicated as she finds herself helping Bastien, an incubus, in his attempt to seduce a moral campaigner and finds herself succumbing to the temptations of Seth. When her colleagues start falling ill and she has to run the bookshop, as well as investigate a strange new drug and help Bastien with his seduction, it seems like she might have bitten off more than she can chew. And can she and Seth keep things going with all the disadvantages of their relationship? I really enjoyed this book. Despite Georgina's succubus job - which I find horrendously icky - she's a very appealing character. She's caring and helpful and her relationship with Seth, despite its disadvantages, is rather touching. The other characters in this book are very well portrayed including Jerome the demon and Carter the angel, and the overall situation of the lines between good and evil being blurred makes for interesting reading. My only slight reservation is that the relationship between Georgina and Seth wasn't resolved by the end of the book, and in fact these characters appear in a short story in the anthology 'Eternal Lover' and are still unresolved at the end of that. But the author's writing style and interesting plot lines make this a worthwhile read in a crowded genre. Von Johanna As soon as I started it, I remembered why I love Richelle Mead. I haven't read her Vampire Academy books, only listened to the audiobooks in German, but I read the complete Eugenie Markham series (Thorn Queen). Her writing is sort of like coming home. It's easy and warm, funny and entertaining. It just keeps me reading and reading whether there is something exciting happening or not. Thus, it shouldn't surprise anyone much that I also loved this book! Georgina and Seth are still working out the limits of their relationship since the succubus Georgina doesn't want to accidentally take away his life force. But that also means being in love without being able to have sex. On the other hand, Georgina needs to have lots of intercourse to sustain her own life energy. This surely is a lot to take for a man. I absolutely admired Seth's handling of the situation. He knew when to be forgiving and when to push. The development of their relationship is frustrating but still very natural. I can't wait to read more about them and I hope they figure out a solution soon. I adore Seth. He's so not the typical romance character. He's only mortal without any superpowers or abilities and still he's special. Seth is geeky and quiet, very introvert and forget everything and anything over his writing. And still there is his special charm, his electrifying gaze, his quiet and determined strong will, the occasional glimpses of dominance. Hell, he's just incredibly sexy! I can totally understand why Georgina is crazy about him... The story is interesting and well-written, even though it somewhat lacks pace in the middle of the novel. Thankfully, the suspense returns by the end of the novel. There are some new and interesting characters such as Bastien, Georgina's incubus friend. Here we get to know more about their past which I appreciated a lot. I also really like Georgina's demon/angel friends. They seem a lot of fun to hang out with and their dialogues are hilarious. The Georgina Kincaid series has definitely become one of my favorites in this genre. I am very much looking forward to reading the next book! It's full of witty dialogues, true characters and interesting plots. And the romance is just over-the-top! 2 von 4 Kunden fanden die folgende Rezension hilfreich. Succubus but not too sexy! Von Amber Once I got back into the world of 'Georgina Kincaid' I was really happy to be there. This 2nd book in the series was just as good if not better than the first book 'Succubus Blues'. I really like Georgina and even though I would like to get to know her friends a bit more I really like the whole storyline. Bastien was a great visitor in this book and maybe he will return in future books. Seth and Georgina's relationship is dreamlike... I don't think any other man would put up with what he does! I am looking forward to any more books that Richelle Mead writes. She has a great style and if she is anything like Georgina she would be a great friend!

Kurzbeschreibung Love hurts, and no one knows it better than Georgina Kincaid. If she so much as kisses Seth Mortensen, the shy, sexy writer she's been dating, she'll drain his life force. Admittedly, the shapeshifting and immortality perks of a succubus are terrific, but it's completely unfair that a she-demon whose purpose is seduction can't get down with the one mortal who accepts her for who she is. . . It's not just her personal life that's in chaos. Doug, Georgina's co-worker at a local bookstore, has been exhibiting bizarre behavior, and Georgina suspects something far more demonic than double espressos. She could use an assist from Bastien, an irresistibly charming incubus and her best immortal friend, but he's giving Georgina some highly distracting come-hither vibes. Georgina is going to have to

work solo on this one-and fast, because soon, Doug's life won't be the only one on the line. . . "Compulsively readable." -Rachel Caine "No other succubus will do!" -Vicki Pettersson "A delicious treat for Georgina fans!" -Kat Richardson "If damnation is this fun, sign me up!" -Lilith Saintcrow From Publishers Weekly When a demon succubus falls for a mortal man, their relationship faces some sticky sweet obstacles in Mead's follow-up to her steamy 2006 paranormal debut, *Succubus Blues*. By day, shape-shifting beauty Letha, aka Georgina Kincaid, works at a Seattle bookstore; by night, in flagrante, she sucks the life energies of mortals. Her besotted bestselling writer boyfriend, Seth Mortenson, has agreed to a no-sex arrangement, and the will they or won't they? plot line grows tedious, as does Letha's character as the succubus with a heart of gold. Luckily, Mead provides cool side action when Letha's incubus pal, Bastien, enlists her help in taking down rabidly conservative radio host Dana Dailey. And bookstore co-worker Doug Sato finds his brushes with the demonic have some very pleasant side effects. It's hard to suspend disbelief, but this urban sextacular is a hoot. (Jan.) Richelle Mead delivers sexy action and tongue-in-cheek hellish humour - if damnation is this fun sign me up!" (Lilith Saintcrow, author of *THE DEVIL'S RIGHT HAND*) "Like all great heroines, Georgina Kincaid is an intriguing blend of contradictions; sexy but sweet, an immortal who remembers her humanity, and a girl who knows exactly what she wants in a man and a drink, but who can still lose herself to both. With sharp prose and a powerhouse voice, Richelle Mead took a death grip on my imagination and refused to let go" (Vicki Pettersson, author of *THE SCENT OF SHADOWS*)
